Eisenhower And Top Military, Budget Experts Confer Today

By ED CREAGH

The Associated Press
President Eisenhower and top military and budget advisers reached virtually final agreement today on 1956-57 defense spending in the neighborhood of the present \$4 1/2 billion dollars a year.

The decision did not appear to hold out much hope the administration could ask a substantial tax cut at the next session of Congress.

Secretary of Defense Wilson told a reporter after an hour and a half meeting with the President and Budget Director Rowland Hughes that "no final figure" was set for defense spending in the next fiscal year.

Wilson added, however, he expects "no major change" from the current spending level.

W. J. McNeil, Pentagon comptroller, said today's meeting just about settled the final defense budget. McNeil said he and Wilson do not plan any further meeting here with the President before the budget estimates are put into final form.

Can Restrict Spending
Wilson said he thought spending in the current fiscal year could be held at the estimated \$4 1/2 billion figure.

"It's pretty tough," he said, "but we think we can make it."

Wilson and Hughes flew in from Washington with McNeil and Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff.

Wilson indicated the 1956-57 defense budget is about in final shape but told newsmen in front of Eisenhower's post office headquarters, where they asked if this was the final meeting on the subject: "I can't ever be sure of that."

LEGION TO HOLD KIDDIES' XMAS PARTY DEC. 22

The Albert J. Lentz Post of the American Legion at its regular monthly meeting in the post home Monday night announced details of the kiddies' Christmas party which the post is sponsoring in conjunction with the Ladies Auxiliary. Featured at the party to be held December 22 at 7 p.m. in the post home will be children who have appeared on the WBAL-TV Kandy Korner show. The children, known as the Plymouth Kiddies Troup, will present a program which will include acrobats, magicians and dancers.

Membership in the post totals 350 with these new members: Col. Lawrence J. M. Marshall, chief of information at the 2nd Army Headquarters, Ft. Meade, Md.; Capt. Margaret A. Wallman, Fort Meade, Md.; Edward F. Johnson, Greensburg, Pa.; Edward T. Sheridan Jr., Phi Kappa Psi, Gettysburg College; Rufus Wayne Youngblood, Alexandria, Va.; and Chester G. Miller, York. A transfer was made of Robert P. Winans to the Harry Copenydyke Post of Fair Lawn, N. J.

W. T. Timmins Jr., adjutant, reported that the post home will close Christmas Eve at 6 o'clock until 9 a.m. December 26.

New Year's Eve Dance
A New Year's Eve dance has been planned for December 31 from 9:30 p.m. to 1:30 a.m. There will be an open house, favors, noisemakers and paper hats.

A \$5 progressive drawing is held every Wednesday night in the stag bar. Members must be present to claim the prize. When the drawing is (Continued On Page 2)

Fellowship To Give Christmas Program

The Women's Christian Fellowship of the Gettysburg Presbyterian Church will hold its December meeting at 8 o'clock on Wednesday evening. A special Christmas program will be presented in the form of a drama by the young people of the church: "Christmas Under the Stars" by Elizabeth Emmerson. The play is directed and staged by Miss Ruth McIlhenny, Mrs. Kenneth Fair and John Korver. Members of the cast are Carolyn Catterman, Ann McIlhenny, Frank Skidmore, Sue Robinson, Gary Matland, Harvey Bollinger, Ronald Stokes, Philip Scott, Sherrie Deltz, Bonnie Jean Scott and Eleanor Paddock.

Christmas devotions will be conducted by Mrs. W. E. Jordan, Mrs. Quentin Hershey and Mrs. C. H. Johnson with Mrs. Guillermo Barriga playing Christmas music on the violin. This will be an open meeting for men and women and will be held in Fellowship Hall at the church.

Fire Company Drains Factory Reservoir

The Gettysburg Fire Department Monday afternoon pumped approximately 100,000 gallons of water to drain the reservoir at the Gettysburg Furniture Factories.

The company asked that the reservoir be drained to permit its cleaning and the installation of new pumps. The large reservoir, which has been seen by few not connected with the furniture factories, is between the cabinet room and the finishing department at the plant.

One thousand feet of hose was placed by the firemen to carry the water to Water St. and thence to the Tiber. The pumping began at 1:30 o'clock Monday afternoon and ended at 6:30 in the evening.

BIGLERVILLE XMAS PARADE ON WEDNESDAY

With more prize money being offered than ever before and with all advance arrangements pointing to the biggest and most elaborate parade in the history of the event, Biglerville will stage its seventh annual Christmas parade Wednesday evening, starting at 7:15 o'clock.

The annual pre-holiday event is being sponsored by the Biglerville Business Club, Paul Osborn, president. Ralph Sandoe Jr. will be master of ceremonies at the judges' stand which will be placed in front of Klinefelter's Electric store on S. Main St. Parade co-chairmen are O. C. Rice Jr. and A. L. Leinart.

Chief marshal will be Ralph Shetter and these judges will select winners of \$339 in parade prizes being offered in six divisions: Roy Heckenluber, Rev. W. R. Sammel, John D. Lippy, Lloyd Kuhn, Perry House and G. Henry Roth.

To Form At 6:30 P.M.
Parade prizes will be awarded and moving will be shown immediately after the parade in the Biglerville High School cafeteria. There will be short films on Christmas subjects and a 35-minute color feature on "Africa" made by Paul F. Osborn on his recent trip around the world.

Participants in the parade have been asked to form at 6:30 p.m. at these points: Competitive floats and antique automobiles, Third St.; marching groups including bands, Warehouse St.; horseback riders, Rice, Trew and Rice St.; and the Children's Division, at the Biglerville fire house. Parade participants are asked to wear masks.

WGCT will broadcast a description of the Biglerville parade later that evening.

List Of Prizes

The largest block of the prize money is being offered for marching groups, divided into precision groups and amateur groups. A first prize of \$75 is offered to precision groups which include drum and bugle corps, drill teams, etc. The second prize will be \$50 and 3rd, \$25. Prizes for non-professional or amateur marching units are: 1st, \$35; 2nd, \$25, and 3rd, \$15. Prizes for floats total \$155 and will be distributed as follows: 1st, \$50; 2nd, \$35; 3rd, \$25; 4th, \$20; 5th, \$15, and 6th, \$10.

The prizes being offered in other parade divisions follow:

Antique autos with best dressed couple, 1st, \$10; 2nd, \$7.50; 3rd, \$5; 4th, \$5, and 5th, \$2.50.

Other Divisions

Horseback riders, 1st, \$15; 2nd, \$10; 3rd, \$5, and 4th, \$2.

Defense Chiefs Call On President

Secretary of Defense Charles Wilson (left), W. J. MacNeil, Pentagon comptroller, and Admiral Arthur W. Radford, chairman of the Joint Chiefs of Staff, await the arrival of President Eisenhower outside the Gettysburg post office. The defense experts conferred with the President this morning shortly before 9:30 o'clock with regard to final decisions on next year's defense budget.

2 Brothers Shoot Bucks Last Week

Jack Settle shot a spike buck Tuesday and Paul R. Settle, his brother, bagged a five-point buck Wednesday during a six-day deer-hunting trip in Potter County. Both are from Gettysburg.

Others on the trip were the boys' father, Paul M. Settle, Vernon Kepner, Roy Plank Jr., and "Jake" Walters. All are from Gettysburg. They returned home Friday.

William A. Moose, Littlestown R. 2, shot a four-point, 135-pound buck Saturday morning at 8 o'clock in the vicinity of Mt. Newman, Adams County.

Francis Cole, Arendtsville, shot an 8-point buck Saturday near Pine Grove Furnace.

MOUNT CONCERT FEATURES GUEST STARS DEC. 11

Two guest stars, Miss Patricia Orris of the Hanover Community Players and Miss Linda Donatelli, coloratura soprano, will be featured performers at the Christmas program, "Gala Holidays," of the Mount Saint Mary's College Glee Club on Sunday, December 11, at 8:15 p.m. at Flynn Hall on the college campus.

The program will be divided into three parts: songs for any day; songs for Christmas Day; and songs for New Year's Day. The feature of the first part of the program will be Mozart's "Alleluia," and Rossini's "Una voce poco fa" aria from the Barber of Seville by Miss Donatelli. In the Christmas portion of the program, Miss Orris will be featured in Fred Waring's "Twelve Days Before Christmas" with tenors William Beal and Richard Ensor and (Continued On Page 8)

LINCOLN SQUARE CHRISTMAS SING SET BY CHAMBER

Plans for a special community Christmas program were outlined Monday evening at a meeting of the board of directors of the Gettysburg Chamber of Commerce.

Meeting at the Chamber office in the Plaza building, the directors learned from Charles Bender and LeRoy Smith, members of the committee in charge, that both the Gettysburg High School and Gettysburg College choirs have agreed to participate in a carol sing to be held this month. December 15 was set as the tentative date for the carol sing, and the time from 7:30 to 8 o'clock in the evening. More than 300 members of the choirs will sing on Lincoln Square, and the Chamber hopes to officially turn on the Christmas decorations of the town at that time.

The Chamber of Commerce voted its usual \$50 donation toward the cost of the Christmas lights and approved bills totalling \$29 for flowers presented to Mrs. Eisenhower and signs and other expenses in connection with the town's welcome to President and Mrs. Eisenhower.

Election Scheduled

Tentatively the election of officers for the coming year was set for January 16, next meeting of the board of directors. The new directors will take up their duties at that time.

President Mares Sherman directed a letter of appreciation from the Chamber to Julian Estep, manager, and the Manufacturers Light and Heat Co., for the dinner provided by the gas company for the annual meeting of the Chamber.

Tentative decision was made to have four copies made of the film "The Story of Gettysburg" produced by Lane Studio for the Chamber of Commerce and Travel Council. The copies will be distributed throughout the nation. So far four organizations including the Travel Council and Chamber have agreed to pay for copies for distribution and the Chamber decided to go ahead with orders for four instead of waiting until later when more copies might be desired.

Barlow Firemen Elect Officers

William Sentz was selected president of the Barlow Fire Co. at a meeting Monday evening in the company's hall at Barlow. Clarence Eyer was named vice president; John Schwartz, secretary; Emory Fox, treasurer. Bernard V. Miller was re-elected fire chief. Other officers named included: First Assistant chief, Hayward McClellan; second assistant chief, Harry Marling; trustee for two years, Clarence Marling; chaplain, Edwin Benner, and assistant chaplain, John Plank.

DEED IS FILED

The following property transfer has been filed in the office of the register and recorder: Myrtle May Stock, of Straban Twp., sold to Earl G. and Minnie A. Sipe, of Beekman Ave., North Tarrytown, N. Y., for \$30 a tract of land in Straban Twp., containing five perches and 26 square feet.

Mrs. E. G. Miller Is Buried Today

Funeral services for Mrs. Genevieve H. (Gearhart) Miller, 48, wife of Elmer G. Miller Sr., Newark St., Littlestown, who died at her home Saturday afternoon following an extended illness, were held this afternoon at 2 o'clock from Little's Funeral Home, Littlestown. Rev. Joseph Wood, pastor of Centenary Methodist Church, Littlestown, officiated. Interment was in Mt. Carmel Cemetery, Littlestown.

The pallbearers were: Melvin A. Miller, Clarence O. Bankert, Richard L. Sultz, Ernest R. Sentz, Harry T. Harner and Roy L. Stann.

KITZMILLER IS RE-ELECTED BY SCHOOL BOARD

Ray J. Kitzmiller and Mrs. Golda H. Collins were re-elected president and vice president, respectively, of the Gettysburg Borough School board at the annual re-organization meeting of the directors Monday evening at Dr. Lloyd O. Keefe's office at the high school.

The election took place shortly after the oaths of office were administered by Secretary Robert H. Deardorff to Attorney Edward B. Bulleit and Mrs. Dorothy S. Nichols, who were elected last month for six-year terms on the local board. Bulleit succeeded himself and Mrs. Nichols took the place of LeRoy E. Smith, whose term expired.

Dr. R. D. Wickerham and Secretary Deardorff were re-elected as the board's representatives on the Joint School committee of the Gettysburg Joint School district.

Given Committee Jobs

Other committee assignments were made as follows by President Kitzmiller: Teacher committee, Mrs. Collins; Property, Mr. Bulleit; Supply, Mrs. Nichols; Transportation, Douglas W. Smith, and Finance and Planning, Kitzmiller. The board recommended Douglas Smith for appointment by town council as the board's representative on the local Recreation Board to succeed LeRoy Smith whose term has expired.

The directors re-elected Swope, Brown and Swope as solicitors for the local board and approved payment of a \$200 bill from that law firm for legal work in connection with the sale of the High Street School building.

LIONS GIVE \$25 FOR CHRISTMAS STREET LIGHTS

Gettysburg Lions Monday evening voted \$25 to the Gettysburg Retail Merchants Association for Christmas street decorations and heard a talk on cancer at their weekly dinner meeting Monday evening at the Shetter House. President Earl E. Ziegler presided with about 100 club members and visitors in attendance.

Guest speaker, Dr. John Harris, Carlisle hospital radiologist, said: "Cancer control is one of the major challenges of modern medicine."

Dr. Harris, who is a director of the American Cancer Society and a former president of its Pennsylvania division, told the clubmen: "In my work I see many patients who have cancer. Half of them are incurable, 25 per cent of them will be cured and the other 25 per cent can't be cured but could have been if they recognized the early signs of the disease and had taken the proper treatment."

Research Holds Key

"But even among the 50 per cent who cannot be cured, there are many who can be greatly helped and often can be enabled to live out their years of normal life expectancy. There are many other diseases that are incurable in the same sense but people can just to them and live with the diseases in varying degrees of comfort."

"Something should be done for these people afflicted with cancer and that's why I give my time and money to aid the work of the American Cancer Society. It is only through basic and fundamental research that we can find the cause and cure for cancer. Cancer is not a specific disease but a whole group of diseases, each of (Continued On Page 8)

TAX COLLECTORS CONVENED DEC. 14; ELECT OFFICERS

The thirty-eighth annual convention of the Adams County Association of Supervisors, Secretaries, Auditors, Assessors and Tax Collectors Association will be held Wednesday, December 14, in the court house, starting at 9:30 a.m. President Glenn Jacobs, of East Berlin, will preside. The invocation will be delivered by the Rev. Jack Gardner, of the New Chester Lutheran church. The address of welcome will be delivered by Judge W. C. Sheely. The response will be made by Lewis E. Bair, Littlestown. A memorial service for departed members will be conducted by Rev. Jack Gardner.

State Senator Donald P. McPherson; Francis Worley, York Springs, representative in the General Assembly, and H. A. Thompson, Upper Darby, state secretary of the association, will also speak.

Held Annual Dinner

Dinner will be served in the basement of St. James Lutheran Church. Newly elected township officials at the last general election are invited to the convention and dinner.

Townships having 100 per cent attendance at the convention will receive honorable mention at the convention. State township engineers Robert Barton and Carl Miller, Harrisburg, will speak in the afternoon.

The election of officers and delegates to the state convention in February will conclude the afternoon session. The officers of the association are: President, Glenn Jacobs, Reading Township; vice president, John R. Taylor, Menallen Township; secretary, Ervin J. Baker, Hamilton Township, and treasurer, Mearl Heikes, of Latimore Township.

Christmas In France

Joyeux Noel! Joyeux Noel! All over France one hears these joyful words during the Christmas season. In sophisticated Paris . . . across the wind-swept meadows of Normandy in the north . . . along the sun-warmed Riviera in the south . . . along the river Seine . . . in all the towns of the provinces . . . the Frenchman announces to his neighbor and to the world that Christ is born.

Days before Christmas the children prepare the creche, usually called in America the manger scene. In wealthy homes beautiful hand-carved figures of the Madonna, St. Joseph, the Child Jesus, the animals and shepherds are used. Cherished by the family the creche is carefully packed away each year and handed down from generation to generation. For many French children the creche is the main observance of the season. Sometimes they add secular figures of current prominence called "santons" in Marseilles a fair is held on the streets before Christmas during which small objects for the creche are sold.

The children go to the woods several days before arranging the scene

SCHERER BRIEFS ROTARY CLUB ON NEWS COVERAGE

"The load carried by the President of the United States cannot be eased — no matter how much others might try to help," Ray Scherer, National Broadcasting Company representative with the White House Press Corps here, told the local Rotary Club Monday night at its dinner meeting in the YWCA.

"There is much talk about lightening the load of the Presidency," he said, "and there is much that can be done to take away from the post such items as handshaking, making speeches and the like. Even paper work can be cut down. But there is no way to spare the President the agonizing decisions that only the President must make. No one can change that essential duty of the President to govern and lead the country. And that is the greatest strain of all."

Scherer held the Camp David meetings with the cabinet and security council are "part of the test to which the President is being put to determine his recuperation from his heart attack. The only way in which it can be determined whether the President can resume the full work of his office is to let him do it, and then check. Camp David provides a way to hold the meetings, with their attendant strain in discussion and decision, and yet keep the strain at a minimum because at Camp David there is naturally a picnic atmosphere and an informality that would not exist at Washington.

Press Group Increases

"The press group that accompanies the President wherever he may go has more than doubled since the event of television," Scherer said. "For the newspapers and even radio, the number of men that need accompany the President is small, possibly a corps of 30. But television requires a much greater staff and thus the number now is about 60 or 70. For radio, a reporter and (Continued On Page 10)

Birth Announcements

At Warner Hospital
Mr. and Mrs. Roy Gouge, Biglerville R. 1, daughter, today.

Mr. and Mrs. Kenneth Yingling, Libertytown, Md., son, today.

At Hanover Hospital
Mr. and Mrs. Richard E. Gebhart, New Oxford, son, Monday.

Mr. and Mrs. C. C. Murlatt Jr., Harrisburg, formerly of Gettysburg, announce the birth of their second daughter, Kim Adrian, Saturday at the Harrisburg Hospital.

Gettysburg borough council will decide next month whether it should take over the recreation program of the town and support the program with taxation, as asked by the recreation board.

A committee comprising Councilmen Philip M. Jones, Mahlon P. Hartzell and C. Donald Rebert was named to thoroughly study the matter and present its report at the January meeting.

Council President H. M. Oyler, in naming the committee, noted that the three are holdover members of council and will make their report to "the new council" which will organize in January. The "new council" will include the three holdovers, whose terms did not expire at this time, and six "new members," two of them councilmen who were re-elected and four councilmen serving in that capacity for the first time.

Will Certify Ecker

The "new" councilmen will include President Oyler, from the third ward and John Millard, from second ward, both re-elected and Glenn Guise and George W. Naugle from the first ward; Robert D. Fidler from the third and Harold L. Ecker from the second ward. The county election board plans to certify Ecker for the post. It was learned Monday night, because he was found to have one more vote than James Shenk as a result of the recount.

Decision to form a committee to study "all angles" of the question of a tax-based recreation program was made because the new council will have to begin study immediately on its budget for the coming year.

Even though the new council may not decide for several months whether it will actually take over the recreation program, it must put the allocation in its proposed budget in order to have any option in the matter.

May Appropriate Money
Councilman Hartzell, who is also a member of the recreation board, said he believed Community Chest will provide sufficient funds to operate the recreation program "at least through the summer."

It was indicated that council will probably include an appropriation for recreation in the forthcoming budget, and then make its final decision some months later, on whether to actually spend the money on recreation.

With the present council meeting for its final regular session Monday night tribute was paid the retiring members of council, John Fox, Robert Hartley, James Shenk and Carl Menchey for their "untiring and excellent work for council over the years." Menchey paid tribute to Oyler "for your excellent work as president" and was joined by the others in the tribute.

COUNCIL PLANS STOP SIGNS IN TOWN ALLEYS

J. William Kendlehart Jr., Locust Lane, was renamed by the Gettysburg Council for another five-year term as a member of the borough authority, at a meeting of council Monday evening at the engine house.

One item reappeared that has been before council for three consecutive sessions and will come up again in January. Two months ago council agreed to put stop signs at each of the four corners of the alley intersections in the rear of the American Legion Home, rear of the H. M. Oyler property, and near the S. K. Sign Shop on Wall St. A stop sign was also to be placed at the intersection of the alley entering Wainwright Ave. at the high school property.

A month ago council discussed the matter again and decided that an ordinance would be necessary to put up the signs.

Requires Ordinance

Monday night several councilmen asked Borough Engineer LeRoy Winebrenner "Why aren't the signs up?"

Winebrenner said he had no order to put them up. Councilmen insisted he did have an order now. Then the discussion turned to whether four-way stop signs could be put up. Councilman Rebert said there were "two dozen" such arrangements in Carlisle. The discussion finally concluded with Borough Solicitor Eugene V. Bullett declaring that an ordinance would be needed, and the matter was back where it was last month.

Poor condition of a curb on N. Washington St. and the lack of a sidewalk and curb on Barlow St. were reported. Winebrenner was asked to see the persons involved and suggest that the curbs and sidewalk be placed.

Councilman James Shenk reported proposals of the fire department that the engine house be enlarged is "worthy of consideration." Decision was postponed until the new council takes office.

A resolution was passed calling for the placing of an arm for the street light on W. High St. near the Catholic Church and increasing the power of the light from 1,000 to 2,500 lumens.

Winebrenner reported that all planned street construction has been completed with the exception of placing stone on Barlow St. which was scheduled to start today. When the Barlow St. work is completed, "patching work" on the other streets will begin. Winebrenner said the borough used 30,000 gallons of tar last year compared to 40,000 gallons the year before. He said use of better tar permitted the saving and added, "the penny a gallon more we pay for tar is effecting savings in the end. It lasts longer and you don't use so much for replacement."

Burgess William G. Weaver and Winebrenner reported plans to clear E. High St. of snow as long as the President maintains his office at the post office. Normally E. High St. is not listed for immediate snow removal.

Borough workmen are aiding in the placing of the Christmas decorations for the town. Winebrenner reported. Councilmen estimated that the council's share of the street decorations, donation of \$200, paying for the electric power and providing men, will total about \$500 in actual cash valuation.

Forced To Abandon Plans To Parade

The Honor Guard of the Albert J. Lentz Post of the American Legion and the Blue and Gray Band will not march in Wednesday evening's Christmas parade at Biglerville, it was announced today. A spokesman for the group said that conflicts in activities prevent a number from participating and it was decided to abandon plans for taking part in the march.

of the Methodist Church. It was not held Monday evening of this week as announced in last night's paper.

PLANS FOR NEW DEVELOPMENT ARE PRESENTED

Plans for a new development in New Oxford, to be known as "West View" were outlined to the New Oxford borough council at its meeting Monday evening at the fire hall.

William H. Mummert presented the plan showing a new street, "Sunset Avenue," which will extend from Hanover St. westward to Orange St. and upon which 30 of the proposed 34 building lots in the development face.

Fidelis Langg was given a right of way over borough property for an extension of the sewer line. Council asked Langg to post bond before beginning the project.

There was some discussion on the possibility of reviving the Chamber of Commerce in New Oxford as "a contract agency for the business interests of the community."

Plan January Meetings

The street committee was asked to arrange for meetings at the fire house in January at which property owners on Hanover and Carlisle Sts. may sign releases for the planned improvement of the two streets.

Reports at council indicated that the proposed plans have been approved by the Pennsylvania Department of Highways and will be placed on the docket for early action.

Valve repairs are needed immediately at the water plant, it was announced. A study will be made of the filtering structure at the plant with the view of improving the clear water supply. Borough Manager Lawrence C. Bevenour reported 18 new services were added to the town's water system during the year, seven services were renewed and 17 places were metered. The service has been extended, he said, by the addition of 5,800 feet of six-inch line and 1,000 feet of four-inch line. Three additional fire hydrants were added during the year.

Treasurer Reports

Treasurer John M. Acker reported income of \$2,677.79 including a balance of \$265.01 from the prior month, \$1,809.89 water rents, \$150.89 water service, \$2 permits, and \$90 fines. Expenditures totalled \$1,694.29 leaving a balance of \$983.50. Bills were approved for payment totalling \$2,993.72 for the borough account and \$2,905.56 for the water account.

President Fred G. Klunk presided at the meeting. Those present were: Councilman Klunk, Paul H. Harbaugh, A. W. Rohrbach, John P. Smith, and R. W. Wolfe, Borough Manager Bevenour, Burgess Guy A. Staub, Officer Walter E. Bemiller and Secretary C. P. Kefer.

CHIMNEY BLAZE

Gettysburg firemen were called this morning to extinguish a chimney fire at the home of John Roensteel, Emmitsburg Rd.

COLLEGE HOLDS CHARITY FAIR ON SATURDAY

Saint Joseph College, Emmitsburg, will hold its annual Charity Fair on Saturday beginning at 2 p.m. The fair, sponsored for the aid of the poor and the foreign missions, is under the direction of Sister Bernadette, assisted by Miss Alhen Ehrensting, president of the Campus Children of Mary.

There for this year's fair will be "Caroling with Mary," and each booth will bear the title of a traditional Christmas carol. "God Rest Ye Merry, Gentlemen," featuring a display of men's wear and novelties, is a new addition to the Charity Fair array of booths. Under the name of "I Wonder as I Wander," the post office booth is another new feature which will offer surprise packages from many states and foreign countries.

Other fair booths include Bingo or "Winter Wonderland"; Dolls and Toys under the title of "Mary's Lullaby," and a general gifts booth, represented by "We Three Kings of Orient Are."

Articles To Be Sold

Knitted and crocheted articles will be offered at the handicraft booth while religious articles and books will be sold under the name of "Gesu Bambino." Sandwiches and coffee, candy and soft drinks, ice cream, cake and cookies will be on sale at three of the booths.

"When Blossoms Flowered Amid the Snow" will point out the flower booth, featuring a display of Christmas flowers and potted plants. Door prizes will include cashmere sweaters for men and women, a Brownie flash bulb camera with attachments, and an album of Jerome Kern's records.

"What Child Is This" is the title of a booth which will sell pencil sketches of fair patrons as they are requested. A series of four Christmas films for children will be shown at intervals throughout the fair.

TWO BAG DEER WITHIN FEET OF THEIR HOMES

If William R. McClellan, Fairfield R. 1, and Edgar L. Hafe, Gettysburg R. 1 decide to let the deer hunt them in the future, no one could blame them after their experiences Saturday.

Hofe owns a half-acre lot on which his home is located, near Big Round Top Saturday. Hofe was only 20 feet off his own property when he bagged one of the largest deer killed this season, a 12-point, 150-pound buck.

But McClellan's experience topped even Hofe's. McClellan had gone to the mountains and tramped around for several hours without a sight of game.

Discouraged, he returned home. A few moments later he looked out a window and saw four deer. McClellan stepped out to the porch and shot a four-point, 120-pound buck.

Better Shooting At Home

At least two other countians Saturday found the home hunting grounds the best. James E. Spence, Arendtsville, shot a three-point buck a short distance from the home of his father, J. E. Spence, at Mt. Carmel. The deer fell near a tree where the 14 Spence children carved their names many years ago.

Deputy Game Warden John Wetzel, Orrtanna, returned home Friday night from Tioga County, near Wellsville, where he, his father, Luther Wetzel, Mr. and Mrs. Kermit Wetzel, Solley, Md.; Melvin, Ira and Glenn Herring, Cashtown, and John Rice, Wormleysburg, had spent five days in fruitless pursuit of deer. Saturday Wetzel shot a five-point, 100-pound buck on Mary's Hill, near his home, while hunting with a brother, Dale Wetzel.

BURY COUNTIAN ON THURSDAY

Mr. and Mrs. Max Shreve, Biglerville R. 1, have been informed in a letter from Lt. Col. Ira Fowler, executive officer, Hq. First Infantry Division, Fort Riley, Kansas, that their son, Corporal Richard Shreve, recently served a day as enlisted aide to the commanding general. He won the honor as a result of being an outstanding member of the Interior Guard. Selection is based on personal appearance, knowledge of guard duty, alertness, and general military bearing. The letter received by Mr. and Mrs. Shreve reads in part, "He is a fine young man who exemplifies the best in the Army. I am sure that should he choose the Army as his career, he will have a bright future. Knowing of a father's interest in his son, I feel you should be informed of the fine record your son is making. You can be justly proud of him."

Mr. and Mrs. William G. Kane are quietly observing their 32nd wedding anniversary at their home in Arendtsville today.

The Flohr's Lutheran Church Choir will meet at the church for rehearsal at 7:30 o'clock Wednesday evening.

Burgess W. G. Weaver Receives Many Congratulatory Letters On Town's Eisenhower Welcome

The following interesting letter from Burgess William G. Weaver is self-explanatory:

"The following excerpts from letters I have received are sent to you for whatever you see fit. I felt that I should not keep them to myself. These letters have been addressed to me but their contents were meant for all of the citizens of Gettysburg.

"First a letter from President Eisenhower in which he said—

"... to all of our neighbors who greeted us on our arrival here in Gettysburg—Mrs. Eisenhower and I want once again to express our sincere gratitude. The reception we received in the Square will live long in our memory of happy events, and made our homecoming to the farm all the more pleasant and enjoyable.

Appreciate Friendship

"We are truly and constantly appreciative of the friendship and understanding that we find in the Gettysburg community."

"Mrs. Eisenhower wrote two notes of thanks. First for the bouquet of flowers presented to her in Lincoln Square. The letter was addressed to Patricia Weaver, who made the presentation in the name of the citizens of Gettysburg. She said in part—

"You were very kind to bring me birthday greetings from the citizens of Gettysburg. The President and I were deeply touched by the warm welcome of our neighbors and shall long remember your sweet thought and gracious gesture."

"The second note is in appreciation of the basket of flowers that was sent to the farm from the citizens of Gettysburg. Mrs. Eisenhower wrote:

"First let me say how very much the President and I appreciate the warm welcome which was given us by the citizens of Gettysburg. We shall long remember our 'homecoming' of November fourteenth."

"Wonderful To Be Back"

"We would also like to express our thanks to your people for having such a beautiful basket of flowers to greet us upon our arrival at the farm. The President and I were delighted and brightened to see your colorful arrangement of chrysanthemums, carnations and roses and are grateful for your kind thought in giving us this pleasure."

"It is wonderful to be back home in Gettysburg and I know that the peace and quiet of the countryside will speed the President's recovery."

"A newspaper clipping from New Zealand was received with a note of good-will to Gettysburg. Another from Honolulu was sent by the former Rosalie Winslow, a Gettysburg College co-ed of 1923.

"E. Clifton Sutton, of Wilmington, Del., wrote to congratulate Gettysburg for 'kind, gentle, dignified, friendliness which you and your townspeople have accorded to a kind, gentle, dignified, friendly man who happens now to reside among you, Mr. Eisenhower. No skyrocket, no salams, no intrusion, just neigh-

borliness. This is ideal Americanism. Sirs we are proud of you (plural)."

Give Them Privacy

"A gentleman from New York City wrote to urge Gettysburg to stick to their plan to give the President and Mrs. Eisenhower the privacy they deserve."

"The commanding officer of the 71st Infantry of the New York National Guard sent greetings from his 106-year-old regiment who fought here in 1863.

"A former resident of Gettysburg, Willanna Miller King, wrote from Portland, Oregon, of her pride in her home town. Having lived away from her home town for 45 years Mrs. King says I have always been proud to say I was born in Gettysburg."

"Another former resident, G. Benner Kelly, of Tucson, Ariz., saw the welcome on TV as did the past president of the Tankers Association, Gene Hutton, of Austin, Texas. They both congratulated Gettysburg."

"A lady from Richmond, Va., wrote—How honored you are to have the outstanding world leader in your community. Insist that he have quiet and peace at home so that he may recuperate. His presence there is bringing you and your city world-wide fame."

"Clippings and letters from all over the country were received in addition to those noted above. There were many from personal friends."

Use Photograph Of Memorial In Advt.

A large picture of the brightly burning Eternal Light Peace Memorial is used by the Texas Eastern Transmission Corporation, Shreveport, La., in a large display advertisement in today's issue of The Gettysburg Times.

Using in bold print the inscription from the base of the memorial, "Peace Eternal in a Nation United," Texas Eastern says the "shaft" (was) erected at Gettysburg by a grateful and united people to commemorate a new era of understanding."

The memorial was dedicated by the late President Franklin Delano Roosevelt on July 3, 1938, during the 75th anniversary of the Battle of Gettysburg and the last reunion of the Blue and the Gray.

In this season of joy with its message of peace on earth, Texas Eastern recalls that "among men of essential good will, differences are small compared to the greatness of human principles."

CALDWELL, Ohio (AP) — Time and the automobile have failed to force H. J. Starzman out of the business he started 49 years ago.

He still makes harness sets, horse collars and saddles in a shop where he practices what he calls "a fast dwindling trade." He has an electric stitching machine, but for fine work he still uses the old-fashioned "stitching horse" and hand tools.

School Nurse Gives Health Report

The monthly report of the school nurse, Mrs. Brenda B. Walker, revealed that 29 home calls were made and first aid treatments in school numbered 189. Four children required treatment at the doctor's office and one was X-rayed at the Warner Hospital. Three children were taken to the Warner Hos-

pital for special examinations under the school health program — one for chest X-rays and two for electro-cardiograms. The chest X-ray mobile unit visited on Nov. 15 and 225 received X-rays.

Physical examinations in Grade III have been completed by Dr. Donald B. Coover. Physical examinations for basketball participants were done by Dr. Leonard L. Potter. There are a few cases of measles and chicken pox in the

primary grades. Mrs. Walker reported the general health of the pupils as good.

HOUSTON, Tex. (AP) — Police charged a trio with disturbing the peace.

"Neighbors were afraid to do it," said Lt. Breck Porter. "They figured they had to get along with them." The cops said they didn't see any sense in three disturbing many. And they didn't have to worry about getting along.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Teachers' Institute: Tuesday, after-
noon. Music. Review of former
selections and "Over the Village."

"Schools and the Labor Prob-
lem" was the subject of Dr.
Pattengill's afternoon talk. The
schools influence reaches beyond
the walls of the school room. The
solution of the schools and labor
problem lies in the teacher, who
must be able to instill a noble mind
and soul in the child. The la-
bor problem is complex. It lies
in the unequal distribution of cap-
ital and labor. The greatest ques-
tion is how shall we distribute the
accumulated capital that has been
gained by brawny arms and skill-
ful brain? Never get into any
business that the world will be
the worse for it. This is an age
of concentration and equalization.
The labor will never be settled on
any other rule than the "Golden Rule."

Justice must be the key to open
the lock. In the homes and schools
is where public sentiment must
be created. In thirty years from
today the boys and girls that you
have under your care will be the
moving power of this nation. The
progress and condition lies in the
training of children. Train them
to be courteous, kind, gentle and
just in all their dealings. Teach
the Golden Rule, dignity of labor,
law of co-operation, temperance
and thrift.

Deaths And Funerals: Slay-
baugh, Luther W., son of George
and Daisy Slaybaugh, of Hunting-
ton township, died Friday, the 24th
ult., of pneumonia, aged 2 years.
Interment was made at Upper
Bermudian cemetery.

Noel: Anna Catherine Noel,
daughter of Henry S. and Cath-
arine Noel, of Conewago twp., near
McSherrystown, died at 4:50 a.m.,
Sunday, Nov. 26, of convulsions,
aged 2 years, 6 months and 23
days.

Mickley: Mrs. Rebecca Mickley
died at the home of her son, David
A. Mickley, of near Seven Stars,
yesterday morning, aged 81 years,
2 months and 6 days. Funeral will
take place on Thursday morning.
Meet at the house at ten o'clock.
Services at Flohr's church.

Wedding Bells: Crist—Trimmer,
Allan B. Crist, of Huntington town-
ship, one of Adams county's suc-
cessful school teachers, was mar-
ried on Sunday, November 26th,
to Miss Blanche Trimmer, daugh-
ter of Mr. and Mrs. Hiram Trimmer,
and one of the most popular
young ladies of Huntington town-
ship. The ceremony was performed
at the U. B. parsonage in Franklinton,
by Rev. J. H. Burkholder.
The popular young couple spent
their honeymoon by attending in
stute last week.

Hornberger—Foreman: John
Hornberger, son of Mr. and Mrs.
Jacob Hornberger, Littlestown, and
Miss Julia Foreman, youngest
daughter of Dr. and Mrs. E. K.
Foreman, also of that place, were
married last Wednesday at noon,
by Rev. Father Germanus Kohl,
at the rectory in Littlestown.

The bride's attendant was Miss
Nan Rolph, of Baltimore, and Wil-
liam Hornberger, brother of the
groom, was best man.
Immediately after the ceremony
a reception was held at the bride's
home, at which a large number
of relatives and friends were pres-
ent.

The bride is one of Littlestown's
most attractive and accomplished
young ladies and for several years
has been an instructor in music.
The groom is bookkeeper in the
employment of George W. Parr, cigar
manufacturer.

Out Of School: Many of the
schools throughout the county are
poorly attended on account of the
vaccination trouble. In some of the
schools there are as few as two
and three scholars. Of the 276
pupils in Straban township 125
were out Monday morning.

Thanksgiving: Thanksgiving day
was observed in this place in
about the usual way. A Union ser-
vice was held in the Reformed
church in the morning at which
Rev. W. W. Hartman, of the
Methodist church, delivered a very
appropriate and able sermon. The
Institute sessions were largely at-

Today's Talk

WITHOUT FEAR

The evil side of this so-called
Atomic Age is that it has so filled
millions of this earth with fear and
foreboding. No nation can win any
future war with the instruments
now that have demonstrated effec-
tiveness that is diabolical. Should
such a thing occur this very earth
would become but the tomb of a
dead civilization.

The happier side is that almost
fantastic discoveries may result
that will add to a more efficient
economy—all finally turned to the
ways of peace and prosperity. That
would do more to unite nations
than anything else. Without fear
we can hold our heads high, and
put our minds and hands to useful
pursuits.

We are inheritors of fear that
we might be ever on the alert. It
is a sort of silent insurance. The
wise Creator knew what He was
about. He wanted people to fear
evil, and other such fears as the
results that accrue from the viola-
tion of natural laws. But He was
the enemy of all other fears. Christ
in His brief ministry admonished
His followers to "fear not" and to
"be unafraid."

Most of our fears are imaginary.
We have physical fears, but we
live our long lives without harm.
The less we fear the more we
grow in courage and happiness.
I recently read a physician's state-
ment that something like 60 per
cent of the people who came to him
for treatment had nothing the mat-
ter with them but their fears!

That famous statement, "Nothing
is so much to be feared as fear
itself," was written by Henry D.
Thoreau in his journal. The date
was September 7, 1851, when Tho-
reau was but 34 years old.

The squirrel has no fear, except
when an enemy is near, and then
he is usually smarter than the one
wishing his life. I watched one of
these interesting creatures today
jump from tree to tree of bare
branches, never missing a hold,
though some looked most preca-
rious.

Tomorrow Mr. Adams will talk
on the subject: "For Love of
Beauty"

Protected, 1955, By The George
Matthew Adams Service

Just Folks

THE REASON
He came to teach us life is not
A sordid thing and cold,
That more from living can be got
Than silver coins and gold.

He talked to them of richer things
Than pride and pomp and
power,
Hinting that potentates and kings
Might not outlast their hour.

He talked of peace and brotherhood
Along the countryside,
And since He was misunderstood
They had Him crucified.

And yet because He talked that way
Around this troubled earth,
Millions will pause on Christmas
Day
To celebrate His birth.

Educator Stresses
Selfishness, Guilt

RICHMOND, Va. (AP)—The con-
cept which places the blame for
juvenile delinquency entirely on
parents doesn't ring true to a
noted Catholic educator.
This philosophy of excuse ig-
nores the possibility that human
selfishness may still exist, says
Monsignor Daniel T. McColgan, ex-
ecutive director of Nazareth, a home
for dependent children in Boston.
He says delinquents must accept
some personal responsibility for
their offenses.

Speaking to the teachers institute
of the Catholic Diocese of Rich-
mond, Monsignor McColgan said a
sense of guilt is necessary or there
will be no reformation. He added
that good human behavior and
religion are intrinsically related.

XMAS GOODIES
STILL PROVIDE
DELICIOUS TREAT

BY CECILY BROWNSTONE

THE ASSOCIATED PRESS

Holiday time brings back child-
hood memories of wonderful cookies.
When I was a little girl, the cook-
book published by a Canadian flour
milling company was a favorite in
our household. We were always de-
lighted when on baking days my
mother turned to the chapter called
"Small Cakes of All Kinds."

There was a subhead under that
main title that stated these small
cakes were commonly called
"Goodies" and still a third subhead
that termed them "Jam-Jams."

When recently I opened my
mother's old cookbook, I noted
that there were three kinds of
Jam-Jams: plain sugar cookies
together with jam, gingerbread
cookie sandwiches, and oatmeal
cookies with a date, raisin or fig
filling. Of that assortment, my
mother made the Oatmeal Jam-
Jams most frequently, and not
only at holiday time but all the
year through. My sisters and I
downed dozens of the cookies, and
by other felt the combination of
rolled oats and dried fruit was
a nutritious one.

Modernize Recipe
We've brought that recipe for
Oatmeal Jam-Jams up-to-date so
you can try them on your family.
They are a fine substantial sweet
and store well. Make some to give
away; keep some to serve as
dessert for your tree-trimming
supper.

This new version of Oatmeal
Jam-Jams calls for grinding the
rolled oats; this technique helps
to give nutty flavor and crisp
texture—both attributes that are
delicious with the soft date filling.
The filling itself takes on flavor
from the grated orange rind and
orange juice with which it is heated.

Oatmeal Jam-Jams
Ingredients: 1 1/2 cups uncooked
rolled oats (quick or old fashioned),
1 1/2 cups sifted flour, 1/4 teaspoon
baking soda, 1/2 teaspoon salt, 1/2
cup shortening (soft), 1 cup sugar,
2 eggs, 1 tablespoon milk, 1 teaspoon
vanilla, Date Filling.

Method: Grind oats with fine
blade of food chopper; there should
be 1 1/2 cups of the ground oats.
Sift together flour, baking soda, and
salt into a mixing bowl. Add
shortening, sugar, eggs, milk, vanilla,
and ground oats. Mix until smooth,
about 2 minutes. Roll out on lightly
floured board to 1/8-inch thickness.
Cut with floured medium-sized
round cookie cutter. With a small
star-shaped cutter, cut the center
out of half the cookies. Place the
plain circles of dough on a lightly
greased cookie sheet. Place about a
teaspoon of Date Filling on each.
Cover each with a star-cut circle,
pressing edges together. Roll scraps
of dough and cut out as above. Bake
in hot (400 degrees) oven 8 to 10
minutes. Makes about 3 dozen
cookies.

Note: A doughnut cutter may be
used for cutting the top circles of
the cookie dough, and matching
size plain round cookie cutter may
be used for the bottom circles.

Date Filling
Ingredients: 1 package (6 1/2
ounces) pitted dates, 1 cup sugar,
1/2 cup orange juice, 1 teaspoon
grated orange rind.
Method: Slice dates; put in sauce-
pan with sugar, orange juice and
grated orange rind; cook over low
heat until thickened, stirring often
(5 to 10 minutes). Cool thoroughly.

PUC Sets Palmyra

HARRISBURG (AP)—The Public
Utility Commission today set Dec.
13-14 for hearings in Lebanon on a
\$26,840 annual increase proposed by
the Palmyra Water Co.

The commission suspended the
increase last May 1 for investiga-
tion. The plan is opposed by the
borough, fraternal and business
clubs, as well as individual con-
sumers in the area, who contend
the 35 per cent boost is excessive.
The company serves 2,358 con-
sumers in the area.

Christmas In France

(Continued from Page 1)

The log is known as "cacho-
fie." The whole family takes part
in going to the woods to find a suit-
able log and in carrying it home. It
is taken from a fruit-bearing tree,
usually an almond or an olive.
Olive trees are especially sacred and
it is believed that lightning never
strikes them. An apple or a pear
tree will also serve the purpose, and
up in the Alps oak trees are used.

Yuletide Logs
When the tree falls everyone
shouts with joy. The log is cut
large enough to last from Christmas
Eve until the evening of New Year's
Day. Each night it is smothered in
ashes. The poor use only small logs
which last until midnight of Christ-
mas Day.

The log is dragged into the house
with only the hands of the youngest
and the oldest members of the fam-
ily touching it. After being placed
on the hearth three libations of
boiled wine are poured over it, the
last one in the name of the Trinity.
The cup is filled once more, this
time to pass from hand to hand and
from lip to lip, progressing chrono-
logically from the youngest to the
oldest members of the family circle.

After the head of the house has
lighted the log, its fire is used to
cook the Christmas supper which
the family enjoys after Midnight
Mass at the village church. The
Yule Log custom is, more or less,
a country tradition as the homes of
Paris and other large French cities
have small fireplaces and the mod-
ern ones often have none at all.
However, city dwellers buy Christ-
mas cake shaped like log covered
with chocolate icing to resemble
the bark of a tree to keep the old tra-
dition alive. The charcoal from the
log is kept to cure certain diseases
during the year.

Shoes In Window
"Sabots" (wooden shoes) are
placed in the chimney by French
children to be filled with toys and
candy," explained Mrs. Albert Bach-
man, N. Stratton St., a native of
Geneva, Switzerland, who grew up in
a French-speaking area and fol-
lowed the French customs. "Some-
times the children use their own
shoes if they have no sabots."

"The big meal is served on Christ-
mas Eve before Midnight Mass," she
said. "Those who don't go to Mass
at Midnight attend church about ten
the next morning and they return
about 11:30 to a light lunch.
Christmas Day is rather quiet, a
time set aside for the family. Peo-
ple don't visit back and forth as
much they do in America," she
revealed.

"Trees are popular but the French

are not as lavish in decorations as
Americans. You can see the
branches of the tree," said Mrs.
Bachman. Before lighting the tree
Christmas Eve the Christmas story
is read and everyone sings carols.
Candles are used to light the tree
instead of electric bulbs. There is
very little display outside the home
as the people decorate for them-
selves only and care little for public
display or competition in decorating
during the Yuletide season," she
said. "Christmas in France is a
time of true religious significance."
Long before Christmas the feast of
St. Nicholas is celebrated December
6.

Christmas Foods
Asked by the reporter about foods
served during the holiday season,
Mrs. Bachman said a popular des-
sert is "fruit confits," that is, fruit
soaked in sugar and fruit juices to
make a thick, sweet syrup. "The
French women bake Dundee fruit
cakes, a very dark fruit cake, and
they serve chestnuts dipped in
syrup. There is a choice of wines
during the Christmas dinner," she
said. "French housewives don't
have to bake as much as American
women do as they pastry shops in
France are wonderful and offer
many delicious cakes and pies during
the Christmas season."

During the weeks before Christ-
mas French children enjoy going
through the large department stores
to view the dolls and toys on dis-
play much as do the children of
the United States. At small booths
along the boulevards one can buy
exciting and inexpensive presents
during the holiday season. In France
the children receive gifts on Christ-
mas after they have hung up their
stockings or set out their shoes for
the Christ Child, or Le Petit Jesus,
as they call Him, to fill for them.

In Belgium and France, Le Jour
des Rois (Feast of the Three Kings)
is celebrated by a cake called La
Galette des Rois (Cake of the Kings).
This custom goes back to the
13th Century when the monks of
St. Michel used to choose their
Epiphany "king" by means of a
cake.

"Six pieces of porcelain are
placed in the cake," Mrs. Bach-
man, "one of which is a bean. The
finder of the bean becomes the
'king' or 'queen' and can choose his
partner for the day."

The cake is an elaborate affair
and is frosted heavily with almond
paste. The finder of the bean is
lifted onto the shoulders of four
men and he makes a cross on the
ceiling to drive away evil spirits.
There is dancing and games
throughout the day and everyone

must obey the king's or queen's
commands. An extra slice of cake
is saved for the first needy person
who comes to the door that day.

"Silent Night" is the favorite
Christmas carol in France as it is in
most Christian countries. However,
the inspiring "Cantique de Noel,"
composed by the Frenchman,
Adolphe Adam, in the 19th Century,
ranks high as a favorite. The hymn
is beautiful not only as to words
and message but for its incompa-
rable melody. It is a "must" as a
solo in most churches during the
Christmas season.

A touching and wistful French
carol is "Il est ne, le Divin Enfant,"
sung throughout France for centu-
ries. "Bring a Torch, Jeanette,
Isabella" is a traditional French
carol which comes from the old
custom in Provence. In southern
France, of carrying a lighted torch
in the procession wending its way
to the church for Midnight Mass.
In one translation, each stanza ends
with praise for the Holy Child:
"How lovely is the Son of Mary,
How lovely is the Child." People
desiring to join in the procession
place a lighted candle in the window.

These holiday celebrations last
until Epiphany. In southern France
three boys are chosen to represent the
three Kings. Dressed in flowing
robes they lead a procession of
children dressed as shepherds and
angels along the streets singing a
carol about the Magi. They continue
the singing in the church.

The story of Christmas unfolds
in France as simply as the placing
of little sabots in the chimneys of
the provinces and as majestically
as the throbbing of the great organ
in the Cathedral of Notre Dame in
Paris heralding the birth of Le
Petit Jesus.

Three Youths Held
In Playmate's Death

PHILADELPHIA (AP)—Three teen-
agers have been arrested in con-
nection with the fire death of their
playmate, Lawrence Booth, 14, who
died in a burning shack yesterday.

James D. Sirio, 13; Roger Ban-
ninger, 14; and Harry Firth, 13,
all of suburban Upper Darby, were
held on an open charge "pending
action by the coroner's jury" at
an inquest scheduled for Friday.

They were taken to the Fron-
field Home, a juvenile detention
center, in Media, Delaware County
seat.
Booth apparently had nailed him-
self into the shack behind his home
and refused to open the door for
his companions. Police said the
boys then tried to "smoke out"
Booth by igniting old straw mat-
tress stuffing and placing it near
the door. The shack caught fire,
flames blazed out of control and
Booth was unable to escape.

Versatile Girl
Signs Movie Pact

HOLLYWOOD (AP)—A 19-year-old
girl who can fly a plane, assemble
an automobile and has been a mod-
el is officially launched today on
a contract movie career.

Janet Lake, as a minor, had a
contract with Metro-Goldwyn-May-
er studio approved in Superior
Court yesterday. She starts at \$200
a week and the contract has op-
tions over a seven-year period
which would increase her salary to
\$1,000 a week.

Miss Lake, born Janet Mary Len-
key in Norristown, Pa., is also ca-
pable of doing secretarial work and
once considered sociology as her
life's work. She was modeling in
New York when an M-G-M talent
scout saw her picture in an adver-
tisement.

PUC Debates Ten
Cent Toll Cut

HARRISBURG (AP)—A proposal
for the elimination of a 10-cent
toll charge between the Gap and
Parkersburg telephone exchanges in
Lancaster and Chester counties
was before the Public Utility Com-
mission today.

The Pennsylvania Community
Telephone Co., Dallas, and Bell
Telephone Co. proposed elimination
of the charge yesterday, effective
next Jan. 31.

Extension of free local service
in the area would save subscribers
of both exchanges an estimated
\$2,344 annually, the firms said.

TROJANS OPEN TONIGHT; HAVE FIVE VETERANS

(Editor's note: This is the second of a series of articles dealing with 1956 Southern Pennsylvania Conference basketball prospects, written by members of the South Penn Sports Writers Association.)

By Vaden P. Richards
CHAMBERSBURG — The 1956 version of the Chambersburg Trojans will be small but they'll be running and shooting, according to their actions in pre-season practice sessions. Coach Lowell W. Schlichter is preparing to open his 14th season of coaching at the local school.

The Trojans will take the lid off the current season on the floor of their new gymnasium, which provided seats for 2,450, this evening when they entertain the quintet of the School for Veterans Children from nearby Scotland.

Situation Better
Coach Schlichter seems to be a little better prepared for the coming season than he was at the start of last season, when the team failed in its bid for its 11th South Penn crown in 12 years by losing the play-off to Carlisle.

There are five lettermen on this year's team, two of whom were starters on last year's varsity. Last year, the team had only one player that had been a starter in some of the games from the year before. Last year the team won the SP first-half title and placed second to Carlisle in the second half, then lost out to the Thundering Herd by a score of 62-48 in the title game on the Gettysburg College floor.

This year's aggregation is handicapped by the lack of height and the quintet is going to have to make up for this deficit in hustle and shooting ability. Nine members of last year's team are still among the 20 players being carried on the varsity roster. Nine players moved up from last year's junior varsity squad, which had a 15-7 record for the year. Two of the 20, a senior and a sophomore, did not play high school basketball last year.

Brilliant Record
Coach Schlichter's teams — not counting the two years the quintet was coached by Robert J. Beard while Schlichter was in the Navy — have won 235 games and lost 50 in the 13 years since he started coaching here in 1939. The other two years — 1944-45 and 1945-46 — the team won 35 and lost five, including regular season and post-season playoffs. In the last 12 years, the Trojans have won 10 South Penn titles and five District 3 PIAA crowns.

There are nine six-footers among the top 12 candidates for the team so the overall height is pretty good but there are no exceptionally tall players on the squad. Richard Patterson, a junior up from the J.V.s, is 6-2½, the tallest player, and he will have to show some improvement to break into the starting five.

Tonight's Starters
The five lettermen from last season appear to have the edge for nomination for the starting squad in tonight's opener with the Cadets. Sidney Wells and Thomas Harris, both 5-10½, are the two starters from the 1954-55 squad who are reasonably sure of earning a starting berth. Wells led the team last year with 299 points in 23 games for an average of 13. Harris was fourth on the team—second among those returning for this season—with an average of just under nine per game.

Sam Butz, who is an even 6 feet; Percy Pogue, 6-1, and George Warner, 6-1½, are the three other lettermen who have a pretty fair chance to make the starting five. All five are seniors.

Other seniors who were members of the team last year and who are fighting for a place among the 12 to 15 players who will be taken on trips to other courts include: Tom Diefenderfer, 5-11; Stephen Schlichter, 6-½; Edward Schlichter, 5-8½, and John Sleighter, 6-1.

Promising Jayvees
Members of last year's junior varsity, which compiled a good record in JV circles, who seem to have the best chance to make the varsity this year are: Herbert Faust, 6-1, leading scorer for the J.V.s; Eber Lelscher, 6-0; William Kolb, 6-0; Ray Powell, 6-1, and Patterson.

The Trojan schedule for the coming season — December 6, Scotland, home; 9, Hagerstown, away; 13, Altoona, home; 30, Alumin, home; January 2, Shippensburg, away; 6, Hershey, away; 10, Mechanicsburg, home; 13, Gettysburg, away; 17, Hanover, home; 20, Middletown, away; 24, Carlisle, away; 27, Waynesboro, home; 31, Scotland, away.

Teammates Race For Scoring Lead

NEW YORK (AP)—Paul Larivee of the front-running Providence Reds closed in on teammate Zello Toppazzini in the American Hockey League's scoring race in last week's competition.

Through Sunday's games, Toppazzini had 17 goals and 26 assists for 43 points while Larivee had 14 goals and 27 assists for 41.

Kenny Wharram, who paced the circuit in playmaking with 28 assists, dropped to third place in total points with 40. He was followed by Willie Marshall of Pittsburgh with 36 and Camille Henry of Providence with 33. Henry was the top marksman with 19 goals.

Pittsburgh's Gil Mayer continued to hold a commanding lead among the goalkeepers. He had permitted an average of only 2.80 goals a game on 56 in 20 contests.

Fred Glover still was the loop's bad man with 72 penalty minutes.

HONUS WAGNER, BASEBALL GREAT, DIES IN SLEEP

PITTSBURGH (AP)—John (Honus) Wagner, 81, all-time great shortstop who became a legend in his lifetime, died in his sleep today.

Members of the family were at the bedside when he passed away at his suburban Carnegie home, only a few miles from Forbes Field, where he achieved lasting fame with the Pittsburgh Pirates.

"He just slept away," a member of the family said.

Wagner had been in poor health several years. Two months ago he slipped and fell in his home. He had been bedfast since and went into a coma about 10 days ago. The family said his death was the result of complications from the infirmities of old age.

Wagner, sometimes called the greatest player in baseball history, was a bandle-legged barrel-chested Dutchman. He finished a 21-year major league career in 1917 with a lifetime batting average of .329. His final public appearance was last April 30 at Schenley Park, outside Forbes Field, for the unveiling of a bronze statue in his memory. All he could say, as he wiped a tear from his cheek, was: "How about that!"

Legendary Records
That was a typical remark. Honus would brush aside praise for his records. And those records are legendary. They go like this:

He played more games than any — 2,785. And he held many other National League records. He had the most times at bat — 10,427. He made the most total hits — 3,430. He made the most one-base hits — 2,431. The most doubles — 648. The most triples — 250. He batted .300 or better for 17 consecutive years and led the National League in hitting for eight years.

He stole six bases in a World Series — another record. Wagner was one of the first players elected to Baseball's Hall of Fame at Cooperstown, N.Y.

He was a coal miner at 12 and later he joined an older brother in the barbering business.

Paid \$35 A Month
He began his baseball career when another brother, Al Wagner, got him an offer of \$5 monthly to play for a Steubenville, Ohio, ball club.

Wagner's ability in the field and sharp batting eye soon became known throughout the baseball world. He was with a Paterson, N.J., club in 1897 when Barney Dreyfuss, owner of the Louisville (Ky.) Colonels, purchased his contract for \$2,200. Three years later Dreyfuss moved his National franchise to Pittsburgh and Wagner went with him.

After his retirement as a player, Wagner operated a sporting goods store in Pittsburgh for several years. In the '30s he returned to the Pirates as a coach and served until the club put him on pension in the winter of 1951.

His widow, the former Bessie Smith, and two daughters survive.

OHIO STATE FIVE UPSET BY VANDERBILT

By ED WILKS
The Associated Press
Well whaddya know! Kentucky isn't the only college basketball team in Dixie after all—there's Alabama and Vanderbilt, too.

Bama picked up quite a bit of pre-season backing as a possible challenger to the stranglehold held on the Southeastern Conference title by mighty Kentucky, which four times in the last seven years has been top-ranked in the nation.

But now Vandy, which showed signs of stirring last season, has burst upon the scene with a masterful 76-67 victory over Ohio State last night in the Buckeye lair at Columbus, Ohio.

All the Buckeyes, now 1-1, had was Robin Freeman and the All-America ace almost was enough. He hit on 60 per cent of his shots and wound up with 40 points.

Freeman was just one of a fistful of individual stars as the collegians opened their first full week of the season Monday night. St. Green, who has to have it if Duquesne is to stay among the nation's leaders this season, rammed in 22 points—all from the field—as the Dukes opened impressively with a 61-25 decision over Carnegie Tech.

Sets Missouri Record
Norm Stewart set a Missouri record with 35 points as the one-beaten Tigers whopped Texas Tech 92-60; Bob Emrick canned 27 to lead Florida's 85-66 assault against Wofford; Lloyd Aubrey hit 35 for Notre Dame although the Irish were clubbed again, this time 70-66 by Wisconsin; and Texas Christian's Dick O'Neal totaled 25 as Oklahoma City—with Hubert Reed also scoring 25—tagged the Horned Frogs 84-56.

The Duquesne debut was no contest after the opening minutes. Coach Duddy Moore got a look at 11 players in the warmup for the weekend Steel Bowl tournament at Pittsburgh. Green, who retired with 11½ minutes remaining, got scoring help from Mickey Winograd and Dave Ricketts. Each scored 10.

Niagara Beat Toledo
Elsewhere, Niagara—which runs into Alabama in the Queen City tournament at Buffalo this weekend—made it 3-0 with a 66-59 decision over Toledo as Tommy Hermans scored 21; Memphis State added to the woes of Ken Loeffler, the ex-LaSalle coach, by handing his Texas Aggies a third defeat 84-71; Kansas, a favorite in the Big 7, opened its season with a 91-70 breeze over Northwestern of the Big 10; and Colorado, the defending Big 7 champ, had an even easier time disp-sing of Oregon 68-49.

Oklahoma A & M, beaten in the closing minutes of its opener by Texas, led almost from the start in defeating Texas Western 51-40.

Nearby Oklahoma of the Big 7, got under way with a 65-55 victory over winless Baylor. New Sooner Coach Doyle Parrack used only six men.

Governor Is Angry Because Georgia Tech Is Permitted To Play Pitt, Negro Player

ATLANTA (AP)—The governor of Georgia and the president of Georgia Tech were at odds today after a decision by Georgia's Board of Regents to permit Tech to play Pittsburgh in the Sugar Bowl.

Pitt has a Negro player on its squad.

The office of Gov. Marvin Griffin charged President Blake Van Leer of Tech failed to consult the governor before accepting the Sugar Bowl bid for Jan. 2.

Ben Wiggins, executive secretary to Griffin, also said the governor felt Van Leer failed "properly" to handle students who staged a riot early Saturday in protest against Griffin's request that Tech be pulled from the Sugar Bowl.

Van Leer replied that he had informed Griffin Nov. 26 that Tech intended to accept a Sugar Bowl invitation if it was offered. He declared the governor said that was "fine."

Paid For Being Goat
Concerning the student demonstration, Van Leer said: "I suppose I get paid for being the goat on things like that."

The Tech president promised to investigate the demonstration and expressed "deep regret" at the action of Tech students who participated.

The verbal tiff came only a few hours after the Board of Regents yesterday rejected the governor's request to remove Tech from the Sugar Bowl on the racial issue.

The board at the same time set up a racial policy for athletic teams that are members of the university system of Georgia. It provided:

1. That in out-of-state games Tech, Georgia and other units of the university system can play racially mixed teams in those states which permit integration. In states whose laws require segregation, Georgia teams will play on a segregated basis.
2. That in the state of Georgia itself there will be no mixed teams or mixed audiences.
3. That "no contract or agreement shall be entered into for an athletic contest in any state where the circumstances under which it is fulfilled are repugnant to the laws, customs and traditions of the host state."

Charles J. Bloch of Macon, Ga., head of the regents' Education Committee, which prepared the policy resolution, said no team of the university system could take part in a nonsegregated game in the Sugar Bowl after Jan. 2, 1956, because Louisiana laws and customs call for segregation.

May Lose Villanova
Griffin said the regents decided to permit Tech to play next month in the Sugar Bowl because of a "prior contract." He commended the board for a strong resolution which he said "will prevent

breaches in Georgia's traditions in the future."

At Villanova University, athletic director Bud Dudley indicated Villanova might not sign to play football with the University of Georgia in 1958.

"We have two Negro players on our freshman team . . . who would be varsity men in 1958," he said. "I hardly think either our university or the other players would go for leaving them home if we played in Georgia."

Villanova is negotiating for a game with Georgia.

The Pennsylvania House of Representatives at Harrisburg received a resolution urging the House to voice indignation "in the name of the people of Pennsylvania" over efforts of Gov. Griffin "to inject the racial issue into a football game."

"Shocked People"
The resolution said Griffin's request "shocked not only the consciousness of the Georgia Tech student body but also all fair minded people throughout our country and abroad." It was later referred to the Rules committee.

The resolution also asks the House to seek legislation from Congress barring the injection of racial issues in athletic contests.

The student Congress at Pittsburgh sent a telegram to the Georgia Tech student body in response to a similar message expressing good will. It read:

"The Pitt student body greatly appreciates the spirit shown by the Georgia Tech student body. We are looking forward to a great game on Jan. 2."

SAYS MINORS WILL NOT FOLD

CHICAGO (AP)—George Trautman, head of the 30 struggling minor leagues, said today the minors were in a period of transition but he didn't think anybody was going to permit minor league baseball to be dissolved.

"Six years ago the majors owned 207 minor league clubs," said Trautman in a press conference at the major league meetings. "Now the majors own only 40 clubs but still control the same number of players."

"Maybe the majors have spread their talent a little too thin in the minors. If the only idea of the minors is to channel talent to the majors, we are too widespread. I know where we want to come out. We want to preserve our structure."

"Some think we have too many leagues although we have dropped to 30 from an all-time high of 59 in 1949. When six cities come to you with interest in forming a league, it is a difficult thing to say no. I know a city with a \$400,000 ball park that has promised to raise \$20,000 in tickets if somebody would come in and operate a ball club. It was a tough thing to tell them there was no league in which they could go."

"I don't know the answers. Our decline started in 1950 with network broadcasts and the spread of television, not necessarily baseball television. We'll just have to do the best we can."

MOUNT STARTS TITLE DEFENSE THIS EVENING

Coach Jim Phelan's Mountaineers open defense of their Mason-Dixon crown this evening in Washington, D. C., against the Catholic University Cardinals. Both teams are unbeaten with the Cardinals currently leading the title chase by virtue of victories over Gallaudet and Baltimore U.

Hardly expected to be contenders, Coach "Miggs" Reilly's cagers turned in the top conference upset on Saturday night when they beat the highly thought of Baltimore "Bees" 87-79. Baltimore had been the choice of the experts to make a strong bid for the Mason-Dixon crown.

Reilly has a veteran team returning which has been strengthened by Ron Dreher of New York, a 6-5, 220-pound rebounder, who hit in double figures against the Bees. Last year the Mountaineers dropped the Cardinal cagers twice 115-70 and 130-81. Tonight's game is the only meeting of the two clubs this season.

Thursday the Mountaineers play Millersville at York and Saturday they meet the Georgetown Hoyas in Emmitsburg.

Coach Phelan will probably go with last Friday's starters with Tito Nanni and Jack Sullivan at center, and Bill Stanley and Eddie Bais at the guards. Despite the easy win over Upsala, Phelan was unhappy with the Mountaineer defense and shoddy ball handling.

San Francisco IS TOP CAGE FIVE BY BIG MARGIN

By THE ASSOCIATED PRESS
Free-wheeling San Francisco, bidding for a second straight NCAA basketball championship after soaring out of virtual obscurity a year ago, gained an overwhelming vote of confidence today from the nation's sports writers and broadcasters.

The Dons, first in the Associated Press preseason poll, were again rated the nation's No. 1 team. They won both their games last week and stretched their winning streak to 28.

San Francisco's 63 first-place votes gave them almost a 200-point edge over second-place Kentucky. The Dons collected 1,023 points, figured on a basis of 10 for first, 9 for second, etc. Kentucky pulled in 847, North Carolina State 550.

Kentucky, with a 1-0 record, and N. C. State, with a 2-0 mark, each gained seven first-place votes. Iowa, the defending Big Ten champ and 1-0 to date, polled 10 first-place votes, but fell down in the other listings to finish fourth, just two points behind the Wolf-pack.

Seven Holdovers
Utah, Alabama, Dayton, Illinois, Duquesne and Brigham Young round out the top 10. Only the Illinois have yet to make a debut and that's scheduled for tonight against Butler.

Duquesne, the NIT champ, got started last night, thumping Carnegie Tech 81-25.

Seven of the top 10 are holdovers from last season's final poll, which listed San Francisco, Kentucky, LaSalle, N. C. State, Iowa, Duquesne, Utah, Marquette, Dayton and Oregon State.

The leaders with first-place votes in parentheses:
1. San Francisco (63) — 1,023
2. Kentucky (7) — 847
3. N. C. State (7) — 550
4. Iowa (10) — 546
5. Utah — 506
6. Alabama (12) — 275
7. Dayton — 224
8. Illinois — 221
9. Duquesne — 220
10. Brigham Young — 132

The Second 10:
11. Holy Cross — 124
12. Oklahoma City (10) — 121
13. George Washington — 112
14. Marquette — 86
15. West Virginia — 73

Justice Department Turned Down Major Leagues' Offer To Make Radio-TV Test Case

By JOE REICHLER
CHICAGO (AP)—Commissioner Ford Frick admitted today that baseball's radio and television dilemma was as acute as ever following a rebuff by the Department of Justice of a plan that would have given the sport "ground work" to follow in formulating a definite policy on radio and TV.

Frick's remarks highlighted the opening activities of the major league baseball meetings during which the club owners elected annual officers, discussed the proposed amendments and were informed of the results of a fact-finding survey on baseball.

The commissioner's announcement made yesterday at a press conference called for the purpose of distributing a nine-page summary of the survey, completely overshadowed the survey's findings.

"We talked with the Department of Justice and proposed a test case which would have given baseball ground rules to follow in dissemination of games by radio and television," Frick said.

Sought Injunction
"We said 'Why don't we pass a rule which we think is reasonable and fair and you (Justice Department) will sue us immediately and get an injunction that will stop the rule from operating and thus avoid any possibility of triple damage suits by individual stations. Then, by mutual agreement, whoever loses will carry the case to the Supreme Court for a final decision.'"

"At first they were agreeable to the proposal but a week ago last Friday they said they had reconsidered and were opposed to it."

Frick did not go into details regarding the majors' proposal to the government but it was believed the plan called for restriction of telecasts and broadcasts of big league games outside a club's home territory limit of 50 miles. The major had planned to offset

that by telecasting a "game of the week" over a national channel. This plan, if consummated, would have brought in \$3,000,000, half of which was to have been ticketed to the minors. That proposal, too, reportedly was rejected by the Justice Department.

Sample 20,000 Interviews
This practically dooms the minors' recent decision to ban commercial broadcasts outside a club's home territory at the majors' joint session tomorrow. The big leaguers must ratify it to make it a law.

The problem of harnessing radio and television broadcasts also was an important item on the baseball survey. A total of 20,000 interviews, were sampled. They showed that about half of those interviewed would favor a radio-TV blackout if baseball was being threatened by the telecasts and 37 per cent would be willing to pay a nominal fee (25-50 cents) to view games on a "pay as you see" plan.

The survey also showed that 69 per cent felt radio and television of baseball increased interest in the game. There was a definite feeling that telecasting of the games in minor league areas was harmful to the minors' attendance.

U. S.-PORTUGAL STATEMENT TO BE PROTESTED

NEW DELHI, India (P)—Diplomatic sources predicted Monday that the Indian government will protest to Washington against the joint statement by Secretary of State Dulles and Portugal's foreign minister.

Nehru refused to comment to Parliament Monday on the communique issued by Dulles and Paulo Cunha, saying he would report on it after his government has received "formal confirmation and taken formal steps."

The communique was issued Friday in Washington. It denounced statements made by Russia's leaders on their current tour of Asia as an attempt "to foment hatred between the East and West." Cited were "allegations concerning the Portuguese provinces in the Far East."

The reference to "Portuguese provinces" incensed members of the Indian Parliament. A Foreign Ministry source said the Indian Embassy in Washington has been asked to submit full reports on the joint statement.

Sherman Is Called
U.S. Ambassador John Sherman Cooper was summoned to the Foreign Office for a conference with its secretary general, N. Raghavan Pillai. A Foreign Ministry source said only that the Dulles - Cunha statement was discussed.

Nehru did not say what "formal steps" the government proposed to take but he termed the Dulles-Cunha statement an "important matter of far consequences."

Nikita S. Khrushchev, Communist party secretary, said while visiting India the Portuguese col-

ony of Goa should go to India. Soviet Premier Bulganin termed Portugal's retention of the colony a "shame toward civilized people," adding that Russia supports India's "right to oust" the Portuguese.

Goa is the largest of three small Portuguese territories on India's west coast. India maintains the areas are part of India and nationalist elements have been pressing for stronger action to take them over.

The Dulles - Cunha statement was issued during an official visit of the Portuguese foreign minister to Washington.

Two Young Brothers Drown In Icy Water

HARRISBURG (P)—Two young brothers, the only children of Mr. and Mrs. John Wolfe, Harrisburg, drowned in the icy waters of Stony Creek in nearby Dauphin over the weekend.

George Wolfe, 9, and his brother, John, 5, drowned Saturday when George tried to rescue John after he had fallen into the creek.

John slipped and fell into about 10 feet of water when he ventured close to the creek edge to "see how deep the water is." George jumped in after him.

A playmate summoned help and the bodies of both boys were recovered.

BACK-TO-WORK TALK AT SHARON IDLES PICKETS

SHARON, Pa. (P)—Hundreds of pickets—apparently alerted by rumors of a back-to-work movement—walked or stood quietly talking Monday morning near gates of the Sharon plant of Westinghouse Electric Corp.

Union officials said there was no unusual incident, and their preliminary checks indicated company officials and management representatives were the only persons entering the plant.

Company officials could not be reached immediately for comment.

Police said there had been no disorders. Sharon city police, deputies assigned by Sheriff William Courtney of Mercer County, and a detail of state police from the Greensburg barracks were on duty in the area.

There has been only token picketing at the plant since the CIO International Union of Electrical Workers struck against Westinghouse Oct. 16.

Horst Believes President Will Run

HARRISBURG (P)—Republican State Chairman Miles Horst says he left last week's meeting of the Republican National Committee in Chicago "with the distinct feeling that President Eisenhower will be the Republican candidate for President in 1956."

In a weekend statement, the GOP chairman said that if the President does run for re-election he will carry Pennsylvania "by proportions because the man in the street is really sold on our President and what he has accomplished."

The normal shift change hour, large groups of pickets appeared in the vicinity of the plant, and President Gene Dyll of Sharon Local 617 told reporters that "full picketing" will be maintained "as long as necessary."

IUE members of the picket lines were reported to have been reinforced by men from other unions.

Sheriff Courtney disclosed Sunday night that he had received reports workers might attempt to pass the picket lines, and he had asked Gov. Leader to assign state police. "It's a pretty hot situation and, in case of trouble, I didn't think I could handle it," Courtney said.

LEADER FIRES PIKE OFFICIAL; DEMS EDGE 2-1

HARRISBURG (P)—Gov. Leader Monday fired David E. Watson, Philadelphia, as a member of the Pennsylvania Turnpike Commission.

The governor said in a statement announcing Watson's dismissal: "In accordance with the authority vested in me by Art. 6, Sect. 4, of the constitution of Pennsylvania, I hereby remove you from office as a member of the Pennsylvania Turnpike Commission, effective at the close of business, Tuesday, Dec. 6, 1955."

The governor's action in firing Watson, left the commission handling the 360-mile toll road across the state with three members and gave the Democrats a 2-1 majority.

Delone Building Fund Is \$431,000

The returns of the fourth general report meeting boosted the total amount subscribed to the Delone Catholic High School building fund to over \$431,000.

The continuing and business committees will meet Wednesday.

Rt. Rev. Msgr. Patrick F. McGee, honorary chairman of the drive, thanked the over 500 volunteer workers "for their splendid work."

The amount subscribed by each parish follows: Annunciation, McSherrystown, \$119,665; St. Vincent de Paul, Hanover, \$76,910; St. Joseph, Hanover, \$74,500; St. Francis Xavier, Gettysburg, \$40,662; St. Joseph, Bonneauville, \$23,102; Sacred Heart, Conewago, \$28,364; Immaculate Heart of Mary, Abbotstown, \$10,108; Immaculate Conception, New Oxford, \$28,842; St. Aloysius, Littlestown, \$29,387.

William J. Green, Philadelphia, as a member of the commission has been hanging fire for months in the Republican-controlled Senate.

Leader nominated Green to replace Chairman T. J. Evans, Coal-dale, as a member of the commission which normally has five members.

SKELETON OF MAN IS FOUND

INDIANTOWN CAP, Pa. (P)—Military and police authorities Monday sought to identify a skeleton of a young man found on First Mountain near the Indiantown Gap Military Reservation.

Chester A. Smith, Lebanon R.D. found the skeleton Saturday afternoon while hunting. Military police, Lebanon County Detective John Lenker and state police went to the scene.

They inspected the skeleton but found no means of identification. The man's clothing had rotted away, except the shoes. The bones were removed to the Good Samaritan Hospital, Lebanon, for further study.

Dr. H. W. Reed, Fredericksburg, assistant county coroner, estimated the man died two or three years ago and was in the 20-30 age group. A pocket knife and a hat afforded the only clues for possible identification.

The number of people entering U. S. mental hospitals rose from 85 per 100,000 in 1931 to 111 per 100,000 in 1951.

WILL REVIEW COOPERATION IN MIDDLE EAST

WASHINGTON (AP) — President Eisenhower and British Prime Minister Anthony Eden undoubtedly will give top priority to arranging better cooperation in the critical Middle East when they meet here January 30.

Western relations with Russia in the wake of visits by top Russian leaders to India, Burma and Afghanistan, and in advance of their projected visit to Britain next spring, also are due for sweeping review.

But joint British-American moves to avert war between Israel and the Arab forces promised to get primary attention.

At present, British-American policies, while both aimed at persuading Jews and Arabs to settle their dispute peacefully, are somewhat conflicting.

Offers To Mediate
Eden, coming here at Eisenhower's invitation, has offered to serve as mediator in the Middle East quarrel, calling on both sides to agree to permanent boundaries. He proposed that the 1947 United Nations partition plan be used as a starting point for talks.

Eisenhower and Secretary of State Dulles have carefully avoided endorsing the Eden plan, mainly because it has aroused angry opposition from Israel.

In its war with the Arabs, Israel seized more territory than was awarded to it under the U. N. partition plan. It contends that the Western Powers sanctioned the present frontiers in 1950.

Egypt and other Arab nations have hailed Eden's negotiation offer as pointing the way to talks which could end the threat of hostilities in the region.

Eisenhower and Eden are expected to agree easily on the need

for a solid, united front against Russia in Europe as an aftermath to the failure to settle any East-West problem at the Geneva foreign ministers meeting.

Even though Britain recognizes Communist China and the United States does not, there seems little prospect that this difference will alter their present close cooperation in the Far East.

MALENKOV GETS NEW POSITION

LONDON (AP) — Deposed Soviet Premier Georgi Malenkov was described in a Moscow radio broadcast Monday as "first deputy chairman of the U.S.S.R. Council of Ministers." That would make him a first deputy premier, the council being the Soviet equivalent of a government cabinet.

It was not clear whether Malenkov is again moving up the ladder of power in the Soviet Union. Since he was forced out of the Soviet premiership last February, he had been described merely as a deputy chairman—without the "first."

Announcements of the Soviet lineup after Malenkov's ouster listed five first deputy chairmen of the Council of Ministers. These were Foreign Minister V. M. Molotov, L. M. Kaganovich, A. I. Mikoyan, M. G. Pervukhin and M. Z. Saburov. Malenkov then was listed along with seven other deputy chairmen. He also was named minister of the electric power station industry.

The broadcast describing him as a first deputy chairman said he had been attending a Communist party conference in the Ural Mountain area.

PLATTSMOUTH, Neb. (AP) — After waiting four years, the Platts-mouth Post Office is going to get a new flag pole. The old flag pole was destroyed by a bolt of lightning in 1951 and Postmaster Les

M'CARTHY FOE HAD TROUBLE

MILWAUKEE (AP)—Leroy Gore, former weekly newspaper publisher and long-time foe of Sen. McCarthy (R-Wis.), says his unsuccessful attempts to visit Russia during a European trip were frustrating—"but they had their lighter moments."

"Many of the Russians I met felt sorry for me," he said in a telephone interview yesterday from his home in Sauk City, Wis.

"They thought that Joe McCarthy had me exiled from the United States, and I couldn't go back."

Gore founded the "Joe Must Go Club" in Wisconsin which in 1954 campaigned to force a recall election of Wisconsin's junior Republican senator. The recall campaign failed to gain the required number of signatures on petitions.

Gore said he decided on trying to visit Russia while touring the Midwest with the Soviet farm delegation this summer. He applied for a visa July 26.

"I had a little passport trouble," he said. "The State Department didn't want to give me one until I had my visa. But Sen. Wiley (R-Wis.) straightened that out."

Gore, a Republican who says he's now thinking about running for Congress himself but won't decide for a month or so, said officials at the Soviet Embassy in Washington suggested he pick up his visa in Europe to save time.

"It wasn't at Amsterdam," he said. "So I went on to Copenhagen. I waited there a month and American consular officials broke some sort of precedent by sending a bluntly worded query to Moscow asking for information on my visa. The Russians didn't give me any reasons. They just didn't say anything."

OSAKA, Japan (AP)—The sudden rush of visitors to the Chinese Communist trade fair here has been explained, police say. The visitors came with handbills which promised free Chinese beer. They found displays of machinery, but no beer. Police blamed pranksters.

Niel requested a replacement. The Federal Government has just notified him the request has been approved.

Young Citizen's Bill Paid In Full

KALAMAZOO, Mich. (AP) — The Kalamazoo City Commission voted last night to "notify this citizen that his debt is paid in full."

"This citizen" is 9-year-old Patrick McKerrin, and the action followed reading of his letter to the commission. It said:

"I broke a window in the Potter Street voting place with a snowball. I am sorry. I was aiming at the sign. I will gladly pay for it if you will tell me how much I owe or call my mother."

Below the letter, Patrick had scrawled a layout showing the sign, the window, his position, how he aimed and how he missed.

Profit Slips By Economical Driver

JACKSONVILLE, Fla. (AP) — Herman Hines of St. George, Ga., thought he saved the 66 cents bus fare to Macclenny when two strangers offered to drive him there. Instead, it cost him \$76.

Hines told police the two men took all his money, stabbed him in the leg with a knife and threw him out of their car about 12 miles west of here.

LANGER WANTS NEW PROBE ON CONTRIBUTIONS

WASHINGTON (AP)—Sen. Langer (R-ND) said today he will press his demand for a public investigation to show whether backers of the now-repudiated Dixon-Yates contract contributed to President Eisenhower's 1952 campaign fund.

In a surprise move yesterday Langer demanded that a Senate Antimonopoly subcommittee on which he serves subpoena Postmaster General Summerfield, who was Republican national chairman in 1952; Sherman Adams, top White House aide; Stephen A. Mitchell, the 1952 Democratic national chairman, and others.

His request was in the form of a handful of resolutions filed with the subcommittee at a public hearing. It is investigating what Chairman Kefauver (D-Tenn.) termed "a criminal side" of the contract negotiations.

Resume Hearings Dec 16
Kefauver said Langer's resolutions might be considered by the

three-member subcommittee today but probably any decision would have to be passed on by the full Antimonopoly subcommittee.

He said that Dec. 16 had been tentatively set for a resumption of his group's public hearings.

At issue is a contract negotiated at Eisenhower's orders and under which a utility firm headed by Edgar H. Dixon and Eugene A. Yates would have sold electric power to the Atomic Energy Commission for the Tennessee Valley Authority to replace TVA current consumed at atomic installations.

The 107-million-dollar contract between AEC and the Dixon-Yates group was canceled after the city of Memphis, Tenn., one of TVA's big customers, announced it would build its own power plant.

Then last month the AEC repudiated the contract entirely on a legal opinion that "there is a substantial question as to whether there were material violations of law and public policy."

Seeks Donation Data
Langer proposed that Summerfield be asked about any utility contributions to the 1952 Republican campaign fund made with "the Dixon-Yates contract in mind."

Adams should be asked, he said, about any Dixon-Yates contribu-

tions to his earlier campaign for governor of New Hampshire, and "in all fairness," Mitchell should be asked about possible Dixon-Yates contributions to the 1952 campaign of Adlai E. Stevenson for president.

Langer acted after both AEC Chairman Lewis L. Strauss and Budget Director Rowland Hughes had declined to tell the subcommittee whether they had discussed matters concerning the contract with White House officials.

But Hughes contended "there was nothing phony, or dishonest, or any conspiracy with anybody."

DOUBLE TROUBLE
SEATTLE (AP) — Kindergarten problems were really doubled up at the Lafayette School.

Six sets of twins are enrolled. It doesn't bring confusion to the teachers, though. Each pair is separated in classrooms. The principal said that helps their education, not the teachers. Two of the sets are boy-girl combinations.

Merchants Have Black Morning

BRANFORD, Conn. (AP) — Branford is one of those towns where, around Halloween time, the merchants invite the youngsters to paint designs on their display windows. After their last experience, however, they ask that something besides black paint be used. Came the dawn after the annual painting spree, and with the dawn a bright sun. Black paint, the merchants discovered, absorbs heat at a high rate. Cracked windows all over the place was the result.

Find Remains Of Old Deer Fossils

CHEBOYGAN, Mich. (AP) — Reindeer fossils believed to have belonged to animals once roaming the northern part of Michigan's Lower Peninsula some 11,000 years ago, have been found in a Cheboygan County gravel pit.

The fossils of legs and antlers of a caribou, or reindeer, probably came from an animal buried in an outwash of sand and gravel from one of two glaciers which covered the area. Dr. A. H. Stockard of the University of Michigan Biological department said.

ELECT MACKLEY TO HEAD BOARD IN LITTLESTOWN

Wilbur E. Mackley was elected president of the board of directors of the Littlestown Joint School System, at the reorganization meeting held on Monday evening at the high school. Dale W. Starry was chosen for the vice presidency. It was decided to continue the meeting night on the second Tuesday of each month. The president will appoint his committees at the January meeting. Arthur E. Buehler is the retiring president.

Reorganization of the individual boards also took place last evening, with the following results: Germany Twp., president, Bernard Hess; vice president, George A. Stonesifer; secretary, Wade D. Brown; treasurer, George W. Strevig; and member, Clayton L. Hargett, with Brown and Strevig serving as members of the joint school committee.

Littlestown Borough: President, Carl H. Baumgardner; vice president, Wilbur E. Mackley; treasurer, Lloyd E. Crouse; members, Karl P. Bankert and Henry E. Waltman, and Luther W. Ritter, secretary, non-member, with Mackley and Crouse, members of the joint committee.

Mt. Joy Twp.: President, Glenn C. Bowers; vice president, Arthur E. Buehler; secretary, Charles M. A. Shildt; treasurer, John Schwartz and member, Reginald Zepp, with Bowers and Shildt members of the joint committee.

Mt. Pleasant Twp.: President, Bernard Murren; vice president, Joseph Claybaugh; secretary, Fred Hartlaub; treasurer, Ray V. Reichart, and member, Clement B. Hawn, with Claybaugh and Hawn members of the joint committee.

Union Twp.: President, Lewis W. Lippy; vice president, Edward B. Geiman; secretary, George Worley; treasurer, Dale W. Starry, and member, Bernard W. Dutterer, with Lippy and Worley members of the joint committee.

The oath of office of school directors was administered by Karl P. Bankert, retiring vice president of the board, to the following re-elected directors: Arthur E. Bueh-

Stonesifer and Bernard Hess. Dale W. Starry is an appointee of Union Twp. Edward B. Geiman, also newly elected, from Union Twp., was unable to be present at the meeting.

A final session of the joint committee, with the outgoing directors in attendance, was held prior to the reorganization with the following in attendance: President Buehler, who presided, Charles M. A. Shildt, Clayton Hargett, George W. Strevig, George Worley, Ray V. Reichart, Glenn C. Bowers, Fred Hartlaub, Wilbur E. Mackley, Lloyd E. Crouse, secretary, Henry E. Waltman, treasurer, John W. Schwartz and Paul E. King, supervising principal.

The joint board elected Mrs. Doris H. Renaldi as school secretary. President Buehler appointed a planning committee to study the needs of the school for the next four years, with one member from each district, to include: Lloyd E. Crouse, Glenn C. Bowers, George W. Strevig, Fred Hartlaub and Dale W. Starry.

Treasurer's Report
The treasurer's report revealed a total of \$19,645.03 received; expenses of general control, \$56; instruction, \$12,811.65; auxiliary agencies, \$1,515.53; coordinate activities, \$305.76; operation of plants, \$981.66; maintenance of

plants \$526.05; fixed charges, \$109.83; capital outlay, \$1,012.89; a total of \$17,319.37.

It was voted to include January 2 in the Christmas holiday vacation with teachers and students returning for classes on Tuesday, Jan. 3, 1956. The board also authorized the purchase of two mats for the gymnasium, and approved the bills and salaries for the month.

The next regular meeting will be held Jan. 10, 1956.

Dr. Harris spoke of the programs of lay and professional education carried on by the national cancer society, the service program for those who have the disease and the clinical and basic research work they are conducting. He said there were 73 cancer deaths in this county last year and estimated there are 200 cases of cancer in the county now.

Club Given Clock
The speaker was introduced by Attorney S. M. Raffensperger, a member of the Lions Club who headed the successful 1955 drive for cancer funds in this county.

Former District Governor Leon Wagner, now an international counselor from Newville, Pa., attended the meeting and presented the local club with a desk clock "as a token of appreciation for winning the district point contest last year." The gift was accepted by President Ziegler in behalf of the club and a former president, Elmer H. Schriver, during whose administration the contest was won.

Xmas Party Dec. 19
Action on the \$25 for Christmas decorations was taken on recommendation of the Finance Committee and the board of directors although Finance Chairman Gordon Webster warned that the expenditure exceeded the club's budget, get.

Program Chairman John Crow announced the annual Christmas party for Lions and their children will be held December 19 at the St. James Lutheran Church. Dr. Milton Stokes of the Gettysburg College faculty will be the speaker next week.

Three Lions from the Upper Adams club were guests Monday evening.

EXPENDITURES TOPPED INCOME IN NOVEMBER

Borough treasurer John H. Basehore reported Monday night at the regular monthly meeting of the town council in the engine house that receipts for November totaled \$7,964.38. Expenditures included: general government, tax, \$1,273.63; protection to person and property, \$3,071.41; highway, \$6,280.49, totaling, with smaller items, \$11,744.69. The balance in the treasury as of December 5 is \$46,582.37.

Donald W. McSherry, fire chief, reported responding to five alarms, three of them outside the borough. Four rescue calls were made, two outside the borough including one to Dillsburg in search of a reported lost airplane.

Burgess W. G. Weaver reported receipt from parking fines totaled \$298. Eight building permits were issued totaling \$110; 11 digging permits, \$735.70; theater tax, \$384.16; and rental of borough equipment, \$33.50. A value of \$273.20 was placed on building permits issued. Total number of digging permits

issued in November was 22. Chief of Police Jack Bartlett reported four criminal arrests were made during November, 22 arrests for traffic violations, 194 complaints were made to the police department, police provided 22 escorts, assisted other borough departments 42 times, recovered six bicycles reported lost or stolen, and three wallets reported lost or stolen, and located three of four persons reported missing.

U. S. NEWSMEN CHARGED WITH TWISTING FACTS

MOSCOW (AP)—The Soviet Foreign Ministry has accused The Associated Press and the New York Times of "gross distortions" in dispatches concerning recent official criticism of Russian architect Alexander V. Vlasov.

Leonid F. Ilyichev, head of the Foreign Ministry's press department, called Richard K. O'Malley of the Times to his office. He said they had stated falsely that Vlasov had been fired and deprived of his medals.

"Such behavior is incompatible with the normal state of affairs," Ilyichev told the two newsmen, "and can only compromise the American agencies and papers represented by the correspondents."

Warns Of Action

He warned that "adequate measures" would be taken if there were similar future occurrences. A dispatch from The AP's Moscow bureau Nov. 9 quoted a decree

by the Russian government and Communist party as saying Vlasov had been fired as Moscow's chief architect and stripped of his decorations. The next morning the Soviet Academy of Architecture was asked if the Vlasov named in the decree and who lost his job was the Russian architect then touring the United States. The reply was affirmative.

Times Publishes Report

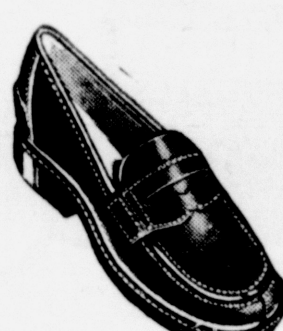

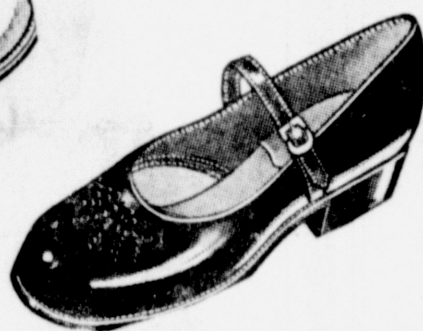

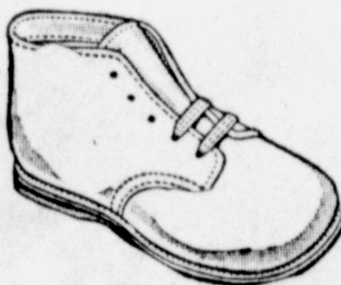

The Times was one of the newspapers which published the AP dispatch.

The decree was the first public indication that Vlasov was no longer Moscow's chief architect. But the text of the decree showed Vlasov was criticized only in the preamble and that he was not among the architects specifically mentioned in the decree as having been stripped of their medals and fired. However, the decree did identify him as a "former" chief architect of Moscow.

MITCHELL BACKS PRESIDENT IN TALK TO UNION

NEW YORK (AP)—Secretary of Labor Mitchell said today organized labor has both a duty and responsibility to speak out with a "loud and clear" voice in politics.

Mitchell's remarks prepared for the convention of the merged AFL-CIO indicated, however, that he expects labor support to be given to Republican party policies rather than to those of Democrats.

His speech, like one delivered by President Eisenhower yesterday to convention delegates via a long-distance hookup from Eisenhower's Gettysburg headquarters, said labor unions have a right to deal in political issues.

Eisenhower said that in such expression the rights of minorities in unions having "differing social, economic and political views must be scrupulously protected and their views accurately reflected."

Seek Labor Vote

The President and his labor Cabinet officer appeared to be answering, in part at least, the expressed fears of some Republicans that unions are taking too active a political role. The speeches also signaled an administration effort to vie actively with the Democrats for the labor vote in the 1956 campaign.

Gov. Averell Harriman of New York, a potential candidate for the Democratic presidential nomination next year, said in another speech prepared for the convention today that "we need more, not less, participation by working men and women in American political affairs."

Harriman saw "a glorious opportunity" to increase national production by 50 per cent in the next decade and thereby improve living conditions. But "to get this expansion, we must have wise and progressive policies," he said.

"It is up to labor to make its voice heard to be sure we have those policies," he added.

Mitchell said AFL-CIO leaders

have denied they will "try to control the votes of union members" but will keep members informed on political issues. Nobody, he said, can object to that kind of political activity.

He said he expects the 16-million-member labor federation to support Eisenhower administration labor policies.

Eisenhower's address was hailed as a "very fine message" by AFL-CIO President George Meany. Walter Reuther, former CIO chief now an AFL-CIO vice president, said, "It refutes completely the Goldwater line."

Reuther referred to Sen. Goldwater (R-Ariz.), chairman of the Senate Republican Policy Committee, who has spearheaded a Republican group critical of union political activity.

Goldwater has charged the AFL-CIO plans "slush funds" to capture control of the government through the Democratic party. He has said the AFL-CIO has no right to endorse a presidential candidate.

Both Meany and Reuther have told the more than 1,400 delegates to the founding AFL-CIO convention that they intend stepped-up political activity but are wedded to neither party.

GOP Spent \$207,735 In Two Campaigns

HARRISBURG (AP)—The Republican State Committee says it spent \$207,735, including expenses and contributions for two statewide campaigns, during the year which ended Nov. 15.

Republican State Chairman Miles Horst said the GOP annual report filed with the Bureau of Elections yesterday showed operating expenses of \$104,768 during the year.

In addition, the report said \$33,671 was contributed to other political committees and \$55,075 to the Republican Finance Committee.

Horst said there was a balance of \$75,599 at the beginning of the year and a balance of \$2,329 last Nov. 15.

The largest individual contribution was \$12,000 to the Republican Central Campaign Committee of Philadelphia for use in the Nov. 8 elections, he added.

Beaver County Is Brucellosis - free

HARRISBURG (AP)—The state Agriculture Department today announced the addition of Beaver County to the list of certified brucellosis-free areas.

Dr. William L. Henning, secretary of agriculture, said the state now has 32 counties certified in the campaign to wipe out bang's disease in cattle.

Beaver is the fifth county to win certification from both the federal and state bureaus of animal industry this year. Others are Pike, Washington, Westmoreland and Fulton.

Henning also said that testing for possible presence of brucellosis has been completed in Northumberland County and certification status may be expected for that area "soon."

MOVE TO EASE SCHOOL CRISIS; STALL TAX LEVY

HARRISBURG (P)—Senate Republicans moved today to ease the school financial crisis while marking time on what to do about Gov. Leader's proposed 3½ per cent manufacturers' excise tax.

Sen. Stevenson (R-Clinton) drafted legislation which he said was requested by the Senate GOP caucus yesterday to:

1. Provide special authorization, beyond present legal limitations, for the immediate sale of \$110,000,000 in tax anticipation notes.
2. earmark all of that money to pay 96 million dollars past due to school districts principally for teachers' salaries and more than 14 millions for overdue payments for state aid for school transportation.

Delay Action

"By this means," Stevenson said in an interview, "the school districts not only will be taken out of a financial vise for the time being but we will be relieved of any immediacy in approaching the excise tax problem."

Stevenson declined to commit himself on the excise levy but said "more time" is needed to study a host of Democratic-backed amendments approved on the Senate floor yesterday.

Floor clearance of the Democratic revisions was given by the Senate Republican majority without any GOP commitment to support of the tax now estimated to yield between 360 and 375 millions.

Wants Additions

Sen. Dent, Senate Democratic floor leader, said he is prepared to submit additional amendments as concessions to Republicans if there is any indication of GOP willingness to support the measure.

"It all depends upon how far the other side is prepared to go," Dent said. "There is no use in going ahead with more amendments unless there is some indication that the bill can pass."

The House-passed measure was sent to the floor by the Senate Finance Committee with indications that Republicans won't make up their minds on a decision on the bill until at least next week.

At Philadelphia, W. James MacIntosh, counsel to former U. S. Sen. Joseph R. Grundy and a prominent Republican, said he was approaching Republican senators about a 2 per cent income tax.

At the request of Democrats "in Harrisburg and Philadelphia," he said he is sounding out sentiment as to whether the GOP would be willing to accept an income levy if deductions were allowed similar to those in the federal income tax law.

He estimated such a levy would raise 300 million dollars in the current biennium.

Kill Classified Income Tax

Senate Republicans killed Leader's proposal for a classified income tax last July. Leader, who had been considering an income tax with federal-type deductions, abandoned the idea in favor of the excise levy.

In another development, the House received administration-supported legislation to spell out the 31 million dollar pay raise for teachers approved by both chambers but now in a conference committee.

Court Clamps Down On Little Leagues

LEWISBURG, Pa. (P)—A temporary restraining order has been issued in Federal Court here against formation of a rival Little League Baseball organization by the founder of the original group.

U. S. District Judge Frederick V. Pollmer, who issued the injunction yesterday, scheduled a hearing for tomorrow on a petition for a permanent order restraining Carl E. Stotz from setting up the "Original Little League" in Williamsport, headquarters of the league.

Stotz was removed as commissioner of the league last month after alleging breach of contract and filing a \$300,000 damage suit.

20-MAN COUNCIL WILL ADVISE ON MENTAL HEALTH

HARRISBURG (P)—Trustees of Pennsylvania's 20-odd mental institutions would become simply advisory groups to the Welfare Department through provisions of a bill awaiting Gov. Leader's signature.

The House last night agreed to Senate inserted amendments in a bill it originally passed months ago.

Under the measure a new state mental health program will be established under a new commissioner of mental health. A 20-man advisory council on mental health would take part in the new program.

The House originally called for a 30-man council.

The bipartisan sponsored bill, supported by the state welfare Department, will turn over many jobs now held by boards of trustees to the new mental health commissioner.

One is the appointment of institution superintendents.

In the new plan trustees would have these duties: To advise assist and make recommendations to the superintendents; to review all matters pertaining to the welfare of patients; to advise the department with regard to the selection of a superintendent in case of a vacancy; and to advise and make recommendations to the superintendent on his selection of employees.

The advisory council would include laymen and professionals in the field.

WORK DAY, WEEK FOR POLICEMEN GOES TO SENATE

HARRISBURG (P)—Policemen in cities with five or more fulltime officers would have a maximum work week of 44 hours next year under proposed legislation ready for Senate action.

The House yesterday voted 163-0 for a bipartisan bill that also fixes the allowable maximum for 1957 and thereafter at 40 hours. It would restrict the work day of affected policemen to eight consecutive hours. It would apply to all cities except Philadelphia.

None of the bill's provisions would apply during a temporary emergency period for the suppression of riots or preservation of peace.

Sets Vacation Leave

The minimum annual vacation leave would be set at 15 days with pay, beginning Jan. 1, 1956.

Other bills passed by the House would:

Require all four year high school programs to include a course in first aid or home nursing.

Authorize boroughs to issue non-debt bonds to pay for capital improvements to municipal sewer systems, electric or gas plants.

Make anyone suffering from brucellosis acquired in any occupation connected with the meat industry eligible for occupational disease benefits.

N.Y. CONVENTION MARKS OPENING AFL-CIO MERGER

NEW YORK (AP)—The founding convention of the newly merged AFL-CIO opened Monday in colorful and enthusiastic ceremonies at New York's 71st Regimental Armory.

Leaders of the former AFL and CIO, some long-time rivals but all now dedicated to work in a single 16-million-member federation, joined in singing "The Star Spangled Banner."

George Meany and Walter Reuther, top men respectively in the now dissolved separate AFL and CIO, jointly called the proceedings to order by banging together an over-sized gavel on the rostrum.

Use Lights, Banners

The huge brightly lighted hall had a 40-foot banner featuring a new AFL-CIO insignia, the red and white stripes of the American flag and the legend "All trades, all crafts, all colors, all creeds—To gether!"

Mayor Robert F. Wagner, in welcoming the 1,400 delegates, said he was encouraged to see there were only a few "prophets of doom" on the merger's success.

"We should rejoice," Wagner said, "that most leaders in the industrial life of our country view with great hope what you do here today."

Answers "Nervous Nellies"

He said "Nervous Nellies" should read that part of the new AFL-CIO constitution which says the purpose of the merger is "achievement of ever higher living and working conditions."

Most of the morning session was set aside for election of officers for the new organization, with Meany due to be chosen as president.

Later in the day, President Eisenhower was expected to lay down Republican party policy in a growing debate among GOP leaders over organized labor's role in politics.

Pennsylvania Man Faces 1909 Murder

SCRANTON, Pa. (AP)—A legal hassle Monday delayed temporarily the trial of Willis Hayles, 69, Carbon-dale native and former Moosic resident, for a murder which occurred more than 46 years ago and to which authorities say he confessed while in a Connecticut prison 24 years ago.

While Hayles, recently declared sane after many years in a state institution for the criminal insane, listened intently in court as his lawyers and the prosecution attorneys argued the merits of a defense petition to dismiss the indictment against Hayles. Judges Otto P. Robinson and M. J. Eagen are hearing the arguments and may give a decision later Monday.

Hayles is charged with killing Stephen Gilby, 47, in 1909 at Carbon-dale.

DISCUSS ATOMIC HEALTH HAZARDS

The Southern Pennsylvania Section of the American Chemical Society will hold its monthly meeting on Thursday evening at 6:30 o'clock at the Armstrong Cork Company Research and Development Laboratory, Lancaster. Robert G. Gallagher will speak on "Radioactive Contamination and Decontamination" at 8 o'clock.

A special feature of the meeting will be the awarding of a Certificate of Merit for Public Relations by Aiden H. Emery, national executive secretary of the American Chemical Society, Washington, D. C. Recipient of the award will be named at the meeting.

Accidents with radioisotopes have caused serious health hazards, financial losses, and instrumentation problems. Gallagher, health physicist for the Liberty Mutual Insurance Company, Hopkinton, Mass., has made a study of several large radioisotope accidents which have caused extensive damage to facilities and equipment. One such accident resulted in financial losses exceeding \$250,000.

The detection of loose radioactive material, emergency control procedures and practical decontamination methods will be described. Design features, instrumentation, and operating procedures necessary for adequate radiological safety will be discussed in the light of recent federal and state legislation concerning the use of radioisotopes. Some of the administrative problems and management considerations connected with the safe use of radioisotopes will be presented.

SURPRISE ALERT SEEKS HOLES IN DEFENSE ARMOR

WASHINGTON (AP)—United States and Canadian air units and volunteer civilian ground observers were rallying today to repel mock "enemy" planes probing for chinks in North America's air defense armor.

A surprise alert—dubbed Operation Crackerjack—sounded late yesterday. The drill was expected to continue three or four days. Joining in the exercise were units of the U. S. Air Force, Reserve, National Guard, Navy and Marines, plus Canadian forces and some 400,000 members of the Ground Observer Corps.

The test was being run under a blanket of virtual secrecy, but fragmentary information indicated that interceptor jets on the East and West coasts scrambled skyward minutes after the mock attackers—planes of the U. S. Strategic Air Command—were detected heading their way.

Directing the operation was the Air Defense Command, headquartered at Colorado Springs, Colo. Officers said the main purpose of the drill is to check on the effectiveness of radar tracking and interceptor defenses under winter conditions.

The Air Defense Command said there will be no disclosure of specific numbers of men and planes involved.

In New York, a spokesman for the Eastern Defense Command at Stewart Air Force Base said mythical enemy attackers swept "in force" from over the Atlantic. He said the first wave of "attackers" was met by personnel who normally man the all-weather jets based along the Eastern Seaboard.

In Washington state, an operations officer with the 25th Air Division at McChord Air Force Base said interceptors throughout the area were "real fast" in getting into the air.

From O'Hare Field near Chicago came word that the alert—which was sprung with only long-range and general advance warning—caught "virtually no pilots... unaware."

The volunteer ground watchers—whose job it is to scan the skies for planes that might get by the radar undetected—apparently were responding with varying degrees of effectiveness.

CHRISTMAS IS INDEED A FAMILY AFFAIR, with wide-eyed youngsters smiling their happiness at what mother and dad and Santa have wrought for them. Here's a picture of happiness that can be duplicated in every home, and made permanent on film for a cherished record in later years.

PUT HIM STYLE WISE WITH NEW CASUAL COAT

Changing fashions in men's wear make wonderful opportunities for bringing that man of yours up to date style wise, this Christmas, with the gift of a new coat for casual wear. These include short length outer garments for winter warmth or driving comfort, extremely light weight leisure jackets for lounging about, as well as the traditional sports coat.

Newest style in sports coats is the garment with natural shoulder and modified raglan sleeve. It has charcoal brown and black stripes and a brown velvet half-collared, four-button closing and slant pockets.

Another coat that is growing rapidly in favor is the blazer, now recalled from its gay nineties days, modernized and set back on the

road to popularity. A new version is navy wool flannel with lighter blue piping.

The hacking jacket, worn by horsemen for many years, has been adapted for sport coat wearers, retaining the slanted pockets and double vents.

In outer wear, men like the new short length coats usually called "suburban coats." A cross between a topcoat and a sport coat, the suburban combines the reliable warmth of wool with a convenient length that comes to slightly below the hips.

Other short outer coats are the "utility" and the mackinaw. The utility coat can be anywhere from waist to hip length. It's made of lightweight, but warm wool fabrics and is especially suited to driving or spectator sports.

Another new short coat is the wool fleece spectator coat, a single-breasted coat with patch pockets and tabbed sleeves.

Most fish live in areas which have a fairly narrow limit of water temperatures favorable to particular kinds of fish.

CHURCHILL SAYS RED TOUR IS EXHIBITION

LONDON (AP)—The British-Russian word war over speeches by Nikita S. Khrushchev and Soviet Premier Nikolai Bulganin in the Far East continued unabated today.

Pravda, former Prime Minister Sir Winston Churchill, and British Minister of State Anthony Nutting were the latest to sound off.

Addressing a rally of Young Conservatives at Woodford, England, his parliamentary constituency, the 81-year-old Churchill said he thought the British government should "seriously consider" canceling the projected visit of Khrushchev and Bulganin to Britain in April. He qualified this by saying Britain should not "take any violently rapid decision" on the question.

Referring to anti-British remarks by the two top Russian leaders, Churchill termed their current Asian tour an "exhibition—there is no other word."

"It certainly has been a surprising spectacle and one which Her Majesty's government will no doubt study carefully before they allow it, with suitable variants, to be repeated here," he said.

Prime Minister Eden extended an invitation to Khrushchev and Bulganin at the summit conference in Geneva last July. No specific date has been set.

In their swing across India and Burma, the Russian leaders have made numerous attacks on the British, who formerly ruled those two countries. On one occasion Khrushchev said the British sat "on the necks" of the Burmese before Burma got independence.

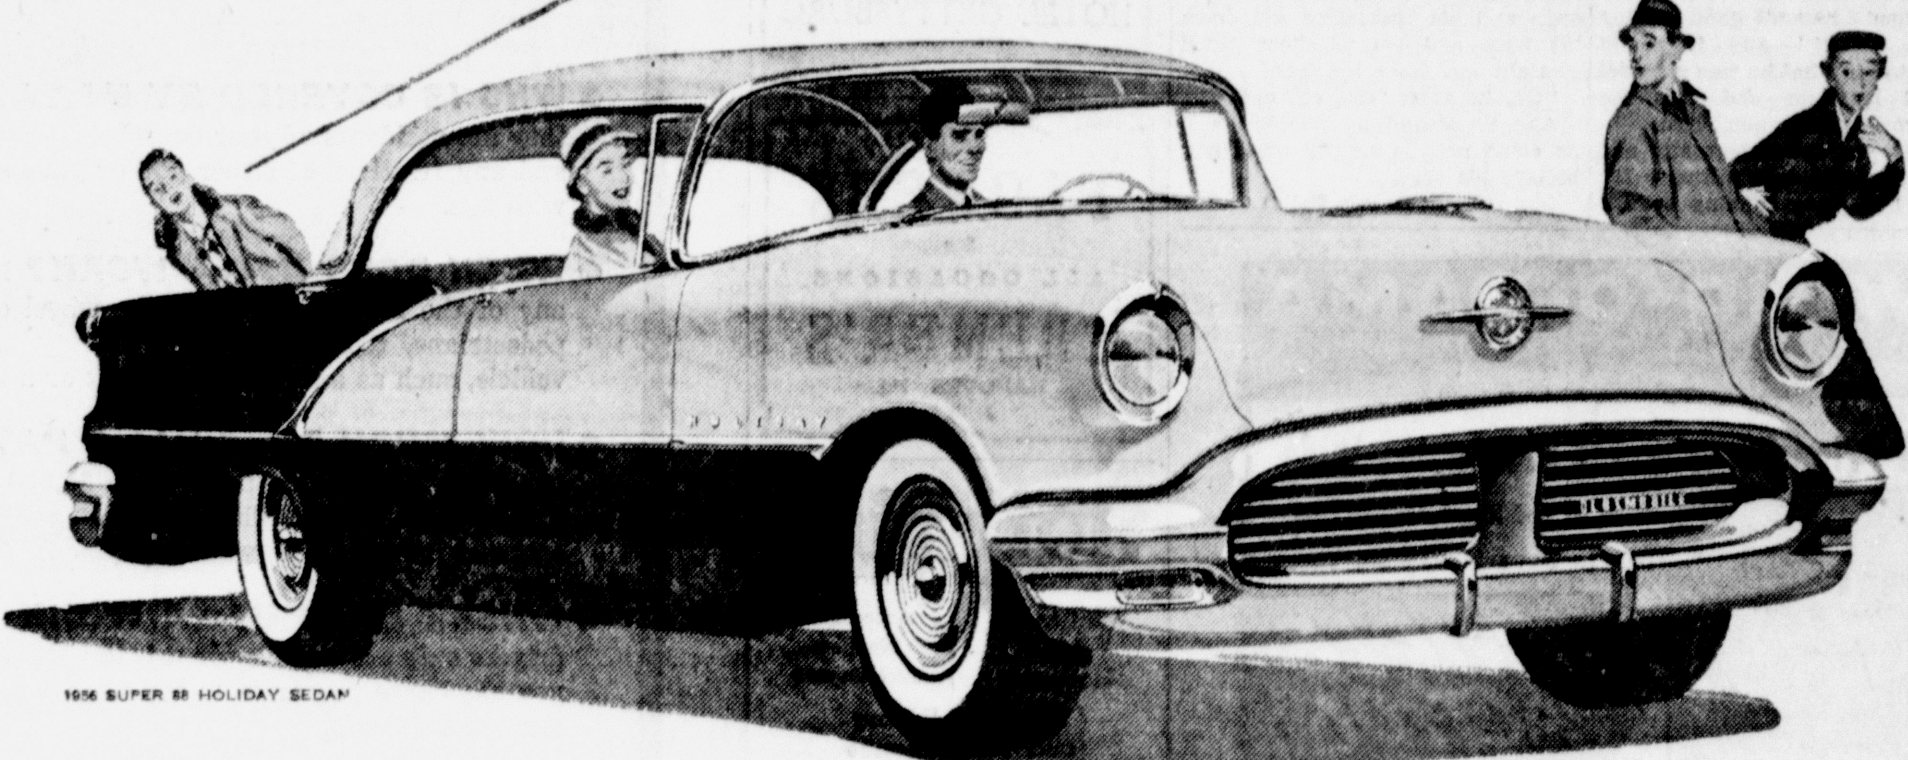

Nutting, chief British delegate to the United Nations and a leading spokesman on foreign affairs, called the Soviet leaders' remarks in Asia "childish nonsense."

From the Russian side, Pravda blasted the British Foreign Office and press for making "indecent sallies" against Bulganin and Khrushchev. Deputy Editor Yuri Zhukov, writing from Taunggyi, Burma, accused American, British and French correspondents accompanying the two Russian leaders of "foul intentions" in reporting the tour.

Santa and the Dumdidddy

By Lucrece Hudgins Beale

By LUCRECE HUDGINS BEALE
SYNOPSIS: Two children, Beanie and Betsy, fuss all the time. Beanie hates Christmas because he doesn't like to give. Betsy makes a clay man as a gift for Santa. She calls it a Dumdidddy. Beanie makes fun of it. He decides to run away, because he thinks all the fights at home are blamed on him.

CHAPTER TWO
RUNNING AWAY
Beanie was in a hurry to run away. But when he saw Betsy's clay man he threw himself on the floor and laughed until the tears rolled down his cheeks.

"Oh, you stupid!" he screamed at his sister. "Oh, you nut!"

His sister sat there holding the little figure she had made. For a long moment she stared at Beanie

without saying a word. Then she opened her mouth and screamed. "Mooooo!"

As soon as she had screamed, she burst into tears.

The children's mother ran up the stairs. "Now what?" she cried. She was angry because, as usual, the children had been fighting all day long and the mother was very tired of it.

"I made this for Santa for Christmas," sobbed Betsy. She held up the clay man. "Beanie says it's a mess and I'm a nut!"

The mother stared at the dumpy little figure. "What on earth is it?" she asked.

"It's a Dumdidddy."

"Whoever heard of a Dumdidddy?" roared Beanie. "There isn't even any such thing. And how can you give something to Santa Claus? Did you ever see him, huh? How can you be so dumb?"

His mother stamped her foot. "Be quiet, Beanie. It's a darling thing no matter what you call it. Betsy, and you are a sweet child to make something for Santa."

"As for you, Beanie, I've had all I can take of your trouble making. There will be no dessert for you tonight."

"That does it!" shouted Beanie. "As usual I'm the one to get punished when I haven't done a thing—not a thing!" And it really seemed to him that he was a model of good behavior and that the whole world was against him.

He stamped down the stairs and put on his coat and mittens. His mother had been making a fruit

IKE'S OPEN SKY INSPECTION PUT TO UN ASSEMBLY

By A. I. GOLDBERG
UNITED NATIONS, N.Y. (AP) — The United States launched its fight Monday for U.N. Assembly endorsement of President Eisenhower's "open sky" inspection plan as a first step toward disarmament and a ban on nuclear weapons.

Henry Cabot Lodge Jr., chief U.S. delegate, told the Assembly Political Committee that the Eisenhower plan to exchange aerial inspection rights and defense blueprints between the Soviet Union and the United States would rule out surprise attacks and "may set a seal against war itself."

He challenged the Soviet Union to drop its opposition to the plan before the Assembly's scheduled end next week and join the West "in a policy of openness which would reassure the world and advance the cause of disarmament."

Lodge Opens Attack
Lodge posed this question: "Why, if the Soviet Union is sincere in its concern about the possibility of attack from the West, is it not willing to join in an immediate practical program to prescribe further attack by either side?"

President Eisenhower first proposed the exchange at the Geneva summit meeting in July. Presidential assistant Harold E. Stassen urged it in the U.N. big - power disarmament subcommittee. Secretary of State Dulles mentioned the proposal in the U.N.'s opening policy debate. This was the first occasion that Lodge had to seek full Assembly approval of the detailed plan, which has been expanded to include the Soviet proposal for ground observers at railway centers and at factories.

Lodge said that if the Soviet Union now withdrew its opposition, it would not be the first time it had changed its position on new proposals. He called for acceptance of a U. S.-British-French-Canadian resolution which would give priority in new disarmament subcommittee debates to the Eisenhower plan, and to French and British suggestions for inspection and controls.

Trenton Capitals Lose First Two

By the ASSOCIATED PRESS
The Trenton Capitals were given anything but a polite welcome to the Eastern Professional Basketball League over the weekend. The powerful New Jersey squad, which includes three former NBA aces, bowed to Wilkes-Barre Saturday night, 94-86, and lost its home opener to Scranton Sunday, 96-87.

Orders Return Of Railroad Insurance

PHILADELPHIA (AP)—Charles A. Washington, 30, of 1710 Chestnut St. Chester, Pa., Monday was given a suspended jail sentence and ordered to make restitution of \$479 he received illegally from the U.S. Railroad Unemployment Insurance Bureau.

U.S. District Judge J. Cullen Gurney imposed the sentence on Washington, father of seven children, after a federal agent testified that the defendant had received benefits for 154 days in 1952, 1953 and 1954 to which he was not entitled.

He was also placed on probation for two years and ordered to repay the money in six months.

The Capitals have replaced Lancaster in the pro circuit. Sunbury, with a completely new lineup, got off to a good start by defeating Hazleton 89-81 and Williamsport defeated the potent Scranton Miners 93-81 in other Saturday games. On Sunday afternoon, Hazleton gained a split for the weekend by turning back Wilkes-Barre 90-62.

BARGE PERMITS HIT RED TAPE

BERLIN (AP) — Communist East Germany insisted Monday that the question of barge traffic to isolated West Berlin must be handled on a ministerial level by the West German government.

The Communists thus acknowledged they hope to force recognition of their regime through the new clampdown on the water route. So far, West Germany has dealt with the Communists only on the level of "technical experts," something which does not imply recognition.

The Red demand was voiced in Neues Deutschland, organ of the East German Communist party. The future of barge traffic—a vital link in the lifeline of this Communist-surrounded city — was raised over the weekend by the disclosure that the Russians have given the East Germans power to renew or deny applications for the operation of Western - owned barges.

The Russians to date have turned back 52 permits applications saying

FOR JUNIOR. ADD shirts styled like dad's to his quota of toys. He's holding a flannel colorfully printed with license plates. By Kaynee.

these must be submitted to East German officials for processing. The Soviet action raised the possibility the Communists might try to set up a partial blockade by cutting off Western barge traffic through the denial of permits. About 24 per cent of West Berlin's heavy supplies, such as coal, is brought in by waterway from West Germany, 110 miles distant from the city.

Alcatraz Prisoner Stabbed To Death

SAN FRANCISCO (AP)—An Alcatraz Island federal prisoner stabbed another to death in a fight Sunday in the recreation yard. Warden Paul Madigan said last night.

The victim was Sidney Moore, 31, of Washington, D.C., serving 5 to 15 years for carnal knowledge. He was transferred to "The Rock" in 1950 after serving in the

Lorton, Va., reformatory and the Atlanta federal prison.

Madigan said James A. Bollock, 35-year-old native of New Orleans, stabbed Moore in the abdomen and chest.

Bollock was convicted of murder while in the Army in Italy. He served part of his 25-year sentence in federal prisons in Terre Haute, Ind., and Leavenworth, Kan. He was transferred in 1948 to Alcatraz.

NEW AUTO INSURANCE COVERAGE

COMES TO YOUR RESCUE IF YOU'RE HURT BY A NEGLIGENT DRIVER

WHO'S NOT INSURED...OR BY A "HIT-AND-RUNNER" YOU CAN'T IDENTIFY

UNSATISFIED JUDGMENT & ARBITRATION is what this new coverage is called...and it works for you 3 ways:

1. If you're injured by an uninsured offender*and you can't collect — even though you've sued and won — UJ&A pays the judgment (to policy limits).
2. If you decide not to sue because you probably won't collect even if you won — or if you want to save the legal costs and bother — you can choose arbitration to help pay your injuries.
3. Or if you can't identify the driver who injured you, arbitration can be chosen to help pay for your injuries.

OVER 5,000,000 DRIVERS ARE UNINSURED...so that even if you are heavily insured, you probably need this vital coverage. The fact is, most auto insurance today does not protect you against bodily injury by negligent drivers who have no insurance...or by those reckless drivers who flee the scene of an accident rather than identify themselves.

NATIONWIDE'S UJ & A COVERAGE fills this dangerous gap in your auto insurance...for just a few dollars a year. And you can add it to your present Nationwide auto liability policy now! Just mail coupon or contact nearest office below.

- **WHO IS COVERED BY UJ & A?** Covers you, and — if they are residents of your household — your wife (or husband) and any relatives of either you or your spouse who are living with you.
- **WHEN DOES UJ & A WORK?** Not only when you or any of the above are behind the wheel of your car...but as pedestrians, too...and while driving a rented or borrowed vehicle, such as a motorcycle, truck or a friend's auto.
- **HOW MUCH DOES UJ & A PAY?** Limits are quite generous. Nationwide pays up to \$5,000 per person, or up to \$10,000 per accident. These amounts apply to payments for unsatisfied judgments as well as payments from arbitration.
- **WHERE DOES UJ & A WORK?** While Pennsylvania drivers only are eligible for this important coverage, it protects you anywhere you drive in the 48 states, all territorial possessions and Canada.

- **WHAT DOES UJ & A COST?** Very, very little. You get 6 months of coverage for only \$2.50, plus an initial membership fee of only \$1.25. In other words, you would pay only \$3.75 for the first 6 months, and \$2.50 for subsequent 6-month periods.
- **WHY IS UJ & A A NATIONWIDE COVERAGE?** Because we keep closely attuned to our policyholders' real life needs. Through our Policyholder Advisory Committees, the folks who make up Nationwide have a say in its affairs. Because so many of our coverages result from policyholders' ideas, we are often ahead of the industry in offering the public newer coverages at our traditionally lower rates.

- **HOW CAN YOU GET UJ & A?** Just fill out this coupon and mail to the nearest Nationwide office listed at the lower left. Or pick up the phone and call directly. Your coverage can go into effect almost immediately!

CRASH VICTIMS

GET \$140,000

NEWARK, N.J. (AP)—Two men who were injured in an auto crash on the fog-bound New Jersey Turnpike two years ago received a total of \$140,000 in an out-of-court settlement yesterday.

Attorneys for the two men and for the owner, lessee and driver of a tractor-trailer agreed to the amount just before a suit was to be tried before Federal Judge William F. Smith. The amount of the settlement was announced in court.

Kenneth T. Hadley, 26, of Baltimore, whose legs were amputated below the knee after the crash, received \$115,000. George Parsons, of Chester, Pa., who also had leg injuries, received \$25,000.

Parsons and Hadley were in the road checking a collision between their two vehicles on Sept. 12, 1953, in Elizabeth, when a tractor-trailer plowed into them.

The settlement was against Edward E. Leach, Inc., owner of the trailer; Allied Van Lines, which leased it; and Lawrence Jackson of Montclair, driver.

Bolton Is Cited As Fearless, Capable HARRISBURG (AP)—A resolution of sympathy adopted by the House describes former Rep. Bolton (R-Montgomery) as "possessing 'great abilities' and a 'fearless nature'."

The House yesterday gave unanimous approval to the resolution sponsored by all six Montgomery County House members.

UNION LEADERS DENY FORMING POLITICAL UNIT

WASHINGTON (AP)—Leaders of the newly merged AFL-CIO pool the idea they will try to form a labor party or capture one of the existing political parties. Nevertheless, that time may come. Whether it happens—since the AFL and CIO, although now combined into the biggest labor organization in history, are just starting life under one tent—depends on future factors now unpredictable.

Among the factors are: (1) whether they can stick together; (2) what changing times bring; (3) how influential they are in the political field as it now stands; (4) how well they increase their membership and can influence its political thinking; and (5) the possible personal ambitions of some of the leaders who now may have none.

Is Powerful Force

Starting right away the combined AFL-CIO, claiming 15 to 16 million members, will be a far more powerful force in American politics than either separately.

Their new strength will get its first big test in the 1956 elections when and if they back one of the two candidates for president. But they will work in state and local politics too, and speak to Congress with one voice.

Some Republican politicians—particularly Sen. Goldwater of Arizona—seem to have misgivings about labor's support next year.

The AFL and CIO backed Adlai Stevenson in 1952. Goldwater said Sunday the AFL-CIO "had no right" to endorse a presidential candidate in 1956.

Interest In Politics

President Eisenhower, who beat Stevenson in 1952, said in saluting the AFL-CIO yesterday that labor organizations have a legitimate interest in politics. But he cautioned they should be sure they "accurately reflected" the thinking of "minorities holding differing social, economic and political views."

The weakest spot in labor's political front—from the standpoint of its ability to use its utmost strength—is that the union leaders cannot order their members how to vote. But the AFL-CIO isn't going to spend all its energies directly in politics in the years immediately ahead.

It will try to organize millions of workers not now in unions. The bigger the AFL-CIO, the more potent its political weight.

Until they get a lot bigger than they are now—and test their power with the two present political powers—the leaders of the AFL-CIO are not likely to try for a labor party.

Gas Mileage goes up AGAIN

And so does the thrill
—with Buick's new
Variable Pitch Dynaflo!

With all the big excitement of Buick's 1956 styling

and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepower, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifold, and a new high in compression ratio.

But the major reason for the happy news in gas mileage

—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflo.

In this airplane-principled transmission, you always

had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range

what they call "double regeneration." It simply means a new way to make flowing oil add to its own velocity to build up driving force.
